Office of the President 309.796-5301 www.bhc.edu

October 14, 2013

To the Citizens of Black Hawk College:

The Comprehensive Annual Financial Report of Black Hawk College, Community College District No. 503, for the fiscal year ended June 30, 2013, is hereby submitted. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the College. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and operations results of the College. All disclosures necessary to enable the reader to gain an understanding of the College's financial activities in relation to its mission, vision, and goals have been included. In addition, this letter of transmittal should be read in conjunction with the management's discussion and analysis which immediately follows the independent auditor's report and focuses on current activities, accounting changes, and currently known facts.

The Comprehensive Annual Financial Report is presented in five sections: introductory, financial, statistical, special reports, and management information. The introductory section includes this transmittal letter, a list of principal officials and the College's organizational chart. The financial section includes the report of our independent public accountants, management's discussion and analysis, the basic financial statements, and notes to the financial statements. The statistical section includes selected unaudited financial and demographic information, generally presented on a multi-year basis. The special reports section includes the Uniform Financial Statements, grants and enrollment audits required by the Illinois Community College Board (ICCB) together with the related auditor's reports, and the Schedule of Expenditures of Federal Awards and the related notes together with the related auditor's reports. The management information section contains financial information by fund and budget to actual information utilized by the Board of Trustees and College management.

The College maintains its accounts and prepares its financial statements in accordance with accounting principles accepted in the United States of America (GAAP) as set forth by Governmental and Financial Accounting Standards Boards (GASB and FASB) and the Illinois Community College Board (ICCB). The financial records of the District are maintained on the accrual basis of accounting whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal obligation to pay.

QUAD-CITIES CAMPUS 6600 34<sup>th</sup> Avenue Moline, IL 61265-5899 309.796.5000 800.334.1311 www.bhc.edu The notes to the financial statements expand and explain the financial statements and the accounting principles applied. The financial statements have been audited by our independent auditors, Wipfli LLP. Their report is included as part of this financial presentation.

#### **College Profile**

Black Hawk College was established in 1946 and was granted official accreditation by the North Central Association of Colleges and Secondary Schools in March of 1951. Today, Community College District No. 503 is comprised of portions of nine Illinois counties which include: Rock Island, Henry, Mercer, Whiteside, Henderson, Knox, Bureau, Stark, and Marshall.

Black Hawk operates two primary campuses as well as other instructional centers throughout the District and serves a population in excess of 220,000. The College's Quad-Cities Campus is located on 149 wooded acres in Moline, Illinois while the College's East Campus is located on a 102-acre site in Galva, Illinois.

The average Fall semester head count is 6,362 from 2004 to 2013. The College experienced a slight decrease in total credit hours in fiscal year 2013 of 2,197.4, which includes both restricted and unrestricted credit hours. This was a decrease of 1.6%; however, the College expects credit hours to remain relatively level in the upcoming fiscal year as the local economy continues to rebound and new programs and services are offered.

The District's principal employers are presented in the statistical section of this report. The Quad Cities area is considered a diverse business region and the long-term economic outlook for the region and the College is viewed as favorable. Furthermore, while the district as a whole has not been immune to recent economic forces, property values have remained steady and the district unemployment rate has routinely been below the state and national rates as published by the US Bureau of Labor Statistics.

#### Mission, Vision, and Goals

The mission of Black Hawk College is to provide the environment and resources for individuals to become lifelong learners.

The vision of the College is to position Black Hawk College as the preferred choice for education and training through total accessibility, quality instructional programs, student-centered services, and strategic alliances. The following strategic priorities have been established to aid in the process of accomplishing both the mission and vision of the College:

- Learning Excellence Provide and support a quality educational experience by which students are motivated to learn and faculty contribute positively to teaching and learning through their strengths in subject matter knowledge and personal interest in the success of all learners.
- **Engaging Learners and the Community** Black Hawk College will engage learners and the community in lifelong learning.
- Accountability Black Hawk College will achieve performance excellence through an environment of continuous improvement, accountability, and data-informed decision making.
- **Resource Optimization** Black Hawk College will optimize financial, physical, and technological assets.
- Networking Employees Black Hawk College will attract, develop and retain highquality employees

#### **Major Initiatives**

The College completed its most recent strategic planning process during fiscal year 2011 and developed new strategic priorities and supporting goals for 2011-2014. The following objectives have been developed in order to accomplish the before mentioned strategic priorities:

- Learner Success
- Workforce Development
- Engaged Learning
- Student Engagement
- Community Engagement
- Continuous Improvement
- Academic Analytics
- Financial Stability
- Physical Upgrades
- Technology Infrastructure
- Networking Employees

In addition to these strategic objectives, the College has also undertaken several major operational initiatives. These initiatives include:

- Achieving re-accreditation in 2013
- Increasing employee development opportunities
- Developing an institutional facilities master plan
- Continually balancing the budget
- Refreshing and enhancing both the information technology and instructional facilities of the College

The College also continues to review its course offerings and implement new programs that meet the above mentioned strategic priorities and better serve the District. For example, the College issued bonds during fiscal year 2013 to allow for the construction of a Health Sciences building on the Quad Cities campus and a Welding and Skilled Trades Center near the Community Education Center in Kewanee. Additionally, the College has increased outreach efforts to the K-12 schools within our district for the purposes of growing dual credit and dual enrollment programs as well as generating awareness of college readiness requirements. Finally, the College is continuing to review the various completion and performance based funding proposals being discussed at both the state and national level for the purposes of determining potential impact and identifying process/program modifications needed.

#### Local Economy

Black Hawk College has three primary sources of Operating Funds revenue: Tuition and Fees, State Funding, and local Property Taxes.

Tuition and fee revenues accounted for approximately 44% of total operating revenue received in fiscal year 2013. As illustrated in the Statistical section of this document, total credit hours for all categories, which includes both restricted and unrestricted hours, decreased by 1.6% in fiscal year 2013. However, fiscal year 2014 credit hours are budgeted to remain relatively flat over fiscal year 2013 as the College looks to expand program offerings as well as improve retention and persistence rates.

State funding, which accounted for approximately 23% of total non-operating revenue received, continues to be problematic for the College as the level of state funding continues to decline and delays in receipt of allocated funds continue to increase. The College anticipates funding levels will continue to decline in future years primarily due to fluctuations in the allocation of the ICCB Equalization Grant. The average ICCB credit hour reimbursement rate remains markedly lower than rates realized more than a decade ago. Additionally, performance based funding discussions are currently underway in Illinois and the exact impact of funding formula changes is unknown at this time. These funding concerns have prompted the College to raise tuition and fee rates as well as cut spending on certain programs.

Property taxes, which accounted for approximately 45% of total non-operating revenue received, are levied each year for all taxable real property in the District on the basis of the equalized assessed property values (EAV). Assessed values are established by each of the nine respective counties within the district. The subsequent property taxes are billed and collected by each county. Property tax revenue continues to hold relatively stable as equalized assessed values in the District have been increasing steadily over the past several years despite the national economic crisis and subsequent impact on property values.

#### **Financial Planning**

The College has taken several steps to offset the negative impact of inadequate state funding and enrollment fluctuations. These steps include:

- Cost containment and reduction of departmental budgets
- Greater focus on alternative sources of revenue
- Tuition and fee increases
- Review and redesign of key business processes and technology to improve efficiency
- Implementation of new programs to strengthen enrollment
- More aggressive curriculum and outreach development

In addition, the College utilizes its Financial Plan, presented to the Board of Trustees, to ensure focus and attention is given to critical areas in a more efficient manner. This financial planning process is coordinated with the budget preparation process. The current financial plan covers fiscal year 2014 through 2016 and focuses on four main objectives:

- Implementation of a revenue management strategy
- Development and implementation of a systematic, repeatable process for evaluating the financial contribution of all programs and services offered by the College
- Development and implementation of a sustainable process for allocating scholarships, grants, and waivers
- Identification, development, and implementation of a master plan funding strategy

Enrollment trends and course demand are the most significant influence given the core mission of the institution. Consequently, it is imperative the College focus on strategically aligning financial resources to these demands in an effort to maximize return on investment for students, taxpayers, community members, and other stakeholders. To this end, the College implemented Budgeting for Outcomes through which the College fosters a culture of innovation and partnership, demonstrates performance and accountability, selects priorities based on measurable results, and achieves transparency of all allocations.

The annual budget, adopted as balanced, indicates all resources received are subsequently expended during the same fiscal year in a manner consistent with the mission of the institution. As such, any disruption in the timely receipt of budgeted resources has the potential to adversely influence program and service delivery. As a result, the College must define and acknowledge potential resources and maintain an efficient cash flow strategy for minimizing the impact of delayed or eliminated funding sources.

Finally, the College's capital budgeting process is designed to provide a systematic, repeatable method to identify, prioritize, approve, and fund both capital projects and non-capital fixed assets. In conjunction with this capital budgeting process, the College focuses on ensuring timely expenditure of existing bond proceeds in a manner consistent with statutory requirements and approved purposes. Furthermore, the Board remains committed to effective and efficient management of the property tax levy, which requires the College proactively and effectively manage its debt strategies.

Black Hawk College recognizes the importance of financial transparency and accountability and is committed to maximizing return on investment for students, employees, taxpayers, and the community. The College remains dedicated to balancing the budget annually as well as providing an annual update on the status of the Financial Plan. The current Financial Plan is designed to achieve results and continue to strengthen programs and services offered as well as the financial viability of the institution.

#### **Internal Controls**

Management of the College is responsible for establishing and maintaining effective internal controls to ensure compliance with requirements of laws, regulations, contracts and grants. Internal controls are designed to limit the College's exposure to risks, safeguard the College's assets from theft or misuse, and provide adequate documentation for the preparation of the financial statements in conformity with generally accepted accounting principles as well as accounting standards mandated by the ICCB. Internal controls are designed to provide reasonable, but not absolute, assurance these objectives are met. The concept of reasonable assurance recognizes the cost of the control should not exceed the expected benefits and estimates and judgments by management are required for valuation of the costs and benefits. Internal controls are continuously monitored, reviewed and updated to ensure ongoing efficiency and effectiveness.

### **Budgetary Controls**

The College maintains budgetary controls to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the College's Board of Trustees. The legal level of budgetary control (that is, the level at which expenditures cannot exceed the budgeted amount) is established at the fund level. The College maintains an encumbrance accounting system as one technique to accomplish budgetary control. Encumbered amounts lapse at yearend unless extenuating circumstances exist. Statements of budgetary comparison are presented in the Management Information section of this document.

#### **Fund Balance Policy**

The Board of Trustees adopted a fund balance policy designed to ensure the maintenance of adequate reserves and protect against unanticipated events that would adversely affect the financial condition of the College and jeopardize the continuation of necessary programs and services.

This policy requires the College to maintain an unrestricted General Fund ending fund balance of an amount between seventeen (17) and twenty-five (25) percent of budgeted expenses in these funds. Additionally, if the ending fund balance falls below the target range, the College is required to replenish the ending fund balance within two (2) years. If the ending fund balance exceeds the target range, the College shall first, allow the President to expend the excess funds on capital expenses after considering recommendations from the President's Cabinet and second, review additional investment options that would allow the College to earn a greater rate of return.

As of June 30, 2013 the General Fund ending fund balance is 29.6% of fiscal year 2013 expenses.

#### **Risk Management**

The College is self-insured for its health insurance claims. The claims are administered by an external third party administrator. In addition, the College maintains stop loss coverage of \$125,000 specific and \$6,027,455 aggregate with a major insurance carrier for medical and dental claims that exceed these thresholds. The College also maintains adequate reserves to cover potential losses and the reserves are reviewed regularly to determine appropriateness.

#### **Other Information**

- <u>Independent audit</u> State statutes require an annual audit by independent certified public accountants. The accounting firm of Wipfli, LLP was selected by the College to perform the fiscal year 2013 audit. The auditor's report on the financial statements and schedules is unqualified and is included in the financial section of this report.
- <u>Awards</u> The College received the Certificate of Achievement for Excellence in Financial Reporting (CAFR) from the Government Finance Officers Association (GFOA) for the fiscal years 2009, 2010, 2011 and 2012. In addition, the College has received the GFOA Distinguished Budget Presentation Award for fiscal years 2009, 2010, 2011, 2012, and 2013.
- <u>Acknowledgements</u> We wish to thank the members of the Board of Trustees for their interest and support in conducting District financial operations to the degree of excellence necessary for continuance of operations in a responsible manner.

The timely preparation of the Comprehensive Annual Financial Report was made possible by the continued, dedicated service of Black Hawk College's Accounting Services staff and others connected with the annual audit process. Our sincere appreciation goes out to each individual making contributions in the preparation of this report.

#### **Independent Auditor's Report**

To the Board of Trustees Black Hawk College Illinois Community College District #503 Moline, Illinois

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the business-type activities and aggregate discretely presented component units of Black Hawk College, Illinois Community College District #503 (College) as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities and aggregate discretely presented component units of Black Hawk College, Illinois Community College District #503 as of June 30, 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the College's basic financial statements. The introductory section, statistical section, the ICCB Supplemental Information, the ICCB Uniform Financial Statements, and the Management Information, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The ICCB Supplemental Information and the ICCB Uniform Financial Statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the ICCB Supplemental Information and the ICCB Uniform Financial Statements are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The introductory section, statistical section, and management information have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

#### Other Reporting Required by Governmental Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 26, 2013 on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

# Management's Discussion and Analysis

This page is intentionally left blank

#### Introduction

This section of Black Hawk College's (College) Comprehensive Annual Financial Report presents Management's Discussion and Analysis of the College's financial activity during the fiscal years ended June 30, 2013 and June 30, 2012. Since this Management's Discussion and Analysis is designed to focus on current activities, resulting change, and currently known facts, please read it in conjunction with the College's basic financial statements. Responsibility for the completeness and fairness of this information rests with the College.

#### **Overview of the Basic Financial Statements**

The basic financial statements focus on the College as a whole versus traditional presentation by fund types. The College's financial statements are designed to emulate corporate presentation models whereby all of the College's activities are consolidated into one total.

The purpose of the *Statement of Net Position* is to present the bottom line results of the College. This statement combines and consolidates current financial resources with capital assets. It presents assets, liabilities and net position at the end of the fiscal year. The Statement of Net Position requires the classification of assets and liabilities into current and non-current categories. The difference between total assets and total liabilities is reflected in the net position section which reflects net position in three broad categories: invested in capital assets, net of related debt; restricted; and unrestricted. Net position is one indicator of the current financial condition of the College, while the change in net position is one indicator of whether the overall financial condition of the College has improved or deteriorated during the year. Restrictions, commitments or other limitations may affect the availability of fund resources for future use.

The **Statement of Revenues, Expenses, and Changes in Net Position** focuses on both the gross costs and the net costs of the College's activities, which are supported mainly by tuition, local property taxes, and state revenues. It presents the revenues, expenses and transfer activities that occurred during the fiscal year. The Statement of Revenues, Expenses, and Changes in Net Position requires the classification of revenues and expenses as operating and non-operating. Property taxes and state funding are reported as non-operating revenues, for example.

The **Statement of Cash Flows** presents the inflow and outflow of cash collected and disbursed by the College for the fiscal year. It separates the sources and uses of funds by the major categories of operating, capital and related financing, non-capital financing and investing activities. This statement emphasizes the College's dependence on state and local sources by separating them from operating cash flows.

#### **Financial Highlights**

For the year ended June 30, 2013, the College recorded total operating revenues of \$17,384,760 and total operating expenses of \$54,625,108. The difference produced an operating loss of \$37,240,348. Net non-operating revenue of \$41,478,043 offsets this loss and results in an overall increase in net position of \$4,237,695.

Non-operating revenue included local property taxes of \$19,119,399, state grants and contracts of \$9,562,931, federal grants and contracts of \$10,099,071, and other net miscellaneous revenue of \$2,696,642.

Operating revenue accounted for 29% of the College's total revenue, while non-operating revenues accounted for the other 71% of the College's total revenue. Operating revenue consisted of tuition and fees, net of financial aid awards, totaling \$7,613,048, sales, services, and rentals of facilities revenues totaling \$2,236,204, and the SURS contribution provided by the state, on behalf of the College, to the State University Retirement System (SURS) totaling \$7,535,508. The comparable contribution by the state to SURS for the fiscal year ended June 30, 2012 was \$5,373,730.

Operating expenses accounted for 99% of the College's total expenses, while non-operating expenses accounted for the remaining 1%. Operating expenses consisting of instruction, academic support, student services, public service, financial aid, operations of physical facilities, institutional support and other categories increased 5% in fiscal year 2013.

Overall, the College's financial position remained stable during fiscal year 2013 despite continued delays in State funding and a slight decrease in enrollment. Enrollment, credit hour, and State funding trend information are provided in the Statistical section of this document. Additionally, overall fiscal year 2013 results compared to budget were favorable. Details by fund can be found in the Management Information section of this document.

#### Long-Term Debt

The College issued \$20 million in bonds during fiscal year 2013 to expand and renovate facilities on both the Quad Cities and East Campuses. The College will break ground on a new \$15 million health sciences facility at the Quad Cities Campus during FY14 and will construct a new Welding and Skilled Trades Center near the Community Education Center in Kewanee, Illinois during FY14 as well. Remaining bond proceeds will be used to expand agriculture related facilities at the East Campus in Galva, Illinois during FY15. The unused legal debt capacity of the College is currently \$69,541,633, which represents 2.875% of the assessed valuation of the College's district less the \$32,715,000 in outstanding debt. See Note 6 regarding Long-Term Liabilities in the Notes to the Financial Statements for further information.

#### **Economic Factors**

Unemployment rates, both locally and nationally, have remained elevated in recent years. Our local economy has suffered from business closures as well as layoffs, although this trend appears to be declining. While unemployment rates within the district vary by county, the district rate decreased slightly from 2012 and appears to be maintaining a level lower than the national rate. Additional information regarding unemployment rate trends can be found in the Statistical section of this document.

#### Black Hawk College Illinois Community College District #503

#### Management's Discussion and Analysis Year Ended June 30, 2013

Property tax revenue accounts for 32% of total revenue and is a direct result of Equalized Assessed Valuations (EAV) in the district. While many districts have experienced sizable decreases in EAV over the past few years, the Black Hawk College district EAV remains stable as overall property values continue to increase, albeit slightly. Additional information regarding EAV and estimated actual property values within the district can be found in the Statistical section of this document.

The State of Illinois continues to struggle financially and delays in receipt of appropriated funding have continued. The College remains optimistic all monies will eventually be received, but cautious with regards to expenditures and firmly dedicated to maintaining acceptable reserves to minimize disruption. Black Hawk experienced a decrease in both State and Federal funding during fiscal year 2013, \$780,000 of which is due to decreased Pell Grant awards. State funding reductions consist of decreased MAP funding, lack of appropriations for Illinois Veterans, and Illinois National Guard Grants, and the reduction in other State grant awards from fiscal year 2012.

Due to the countercyclical nature of higher education, the College had experienced sizable enrollment growth over in fiscal years 2010 and 2011; however this trend has subsided as total credit hours generated during fiscal year 2012 fell 1% with an additional decrease of 1.6% during fiscal year 2013. As a community college, Black Hawk is well positioned to serve displaced workers seeking to enhance existing skills or develop additional skills necessary to re-enter the workforce due to the relatively short-term nature of many programs offered. Furthermore, both the College Administration and Board of Trustees are committed to ensuring student needs are effectively met and to this end, the institution prides itself on being nimble and capable of efficiently implementing programmatic changes designed to maximize student success.

Given the decreased enrollment trend in recent years, the College Administration and Board of Trustees have taken the appropriate measures to identify opportunities for growth. As a result the College will be constructing two new facilities during fiscal year 2014; a health sciences facility at the Quad Cities Campus, and a Welding and Skilled Trades Center in Kewanee. The addition of these two buildings will increase enrollment capacity, thus providing a greater opportunity for generating credit hours.

#### **Other Significant Financial Factors**

The Board of Trustees adopts tuition and fee rates each February with the adopted rates becoming effective for the Summer, Fall, and Spring semesters of the upcoming fiscal year. Tuition rates for fiscal year 2013 increased 9.1% over fiscal year 2012 rates and will increase by an additional 7% for fiscal year 2014. Beginning with FY14, tuition and fees have been combined into one all-inclusive tuition rate. Additional information regarding tuition and fee rate trend is provided in the Statistical section.

The Board of Trustees adopts the annual tax levy by January of each year for tax revenues to be received during the upcoming fiscal year. The fiscal year 2012 tax levy increased .8% over fiscal year 2012 primarily due to the increase in EAV throughout the district. Additional information regarding tax levy trend is provided in the Statistical section.

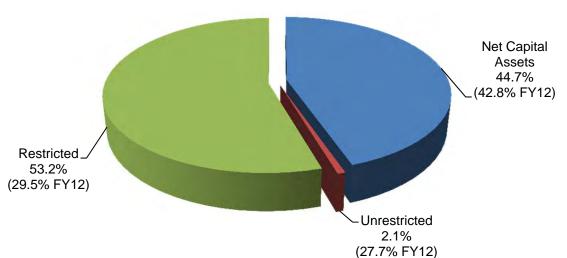

## **Comparative Net Position – Fiscal Years 2013 and 2012**

			Increase	Percent
	2013	2012	(Decrease)	Change
Current Assets	\$ 75,066,923	\$ 63,318,537	\$11,748,386	18.6%
Non-Current Assets	47,887,133	39,384,710	8,502,423	21.6%
Total Assets	\$122,954,056	\$102,703,247	\$20,250,809	19.7%
Current Liabilities	\$ 9,411,607	\$ 8,601,816	\$ 809,791	9.4%
Non-Current Liabilities	30,995,859	15,070,786	15,925,073	105.7%
Total Liabilities	\$ 40,407,466	\$ 23,672,602	\$16,734,864	70.7%
Deferred Inflows of Resources	\$ 261,812	\$ 983,562	\$ (721,750)	-73.4%
Net Position				
Net Investment in Capital Assets	\$ 36,808,792	\$ 33,387,782	\$ 3,421,010	10.2%
Restricted	43,773,893	34,787,857	8,986,036	25.8%
Unrestricted	1,702,093	9,871,444	(8,169,351)	-82.8%
Total Net Position	\$ 82,284,778	\$ 78,047,083	\$ 4,237,695	5.4%

The College had a net position at the beginning of the fiscal year totaling \$78,047,083. The increase in net position of \$4,237,695 brought the total net position at the end of fiscal year 2013 to \$82,284,778.

Notable changes in fiscal year 2013 include the addition of the Student Services Center to Building 1 on the Quad Cities Campus and the construction of the Ag Sciences Building on the East Campus. Additionally, Non-Current Liabilities increased significantly as a result of a \$20 million bond issuance to construct a \$15 million health sciences facility at the Quad Cities Campus and a new Welding and Skilled Trades Center near the Community Education Center in Kewanee, Illinois.

This schedule is prepared from the College's Statement of Net Position, which is presented on a full accrual basis of accounting whereby assets costing \$5,000 or greater are capitalized and depreciated.

## Net Position - Fiscal Year 2013

Comparison of Net Capital Assets
Fiscal Years 2013 and 2012

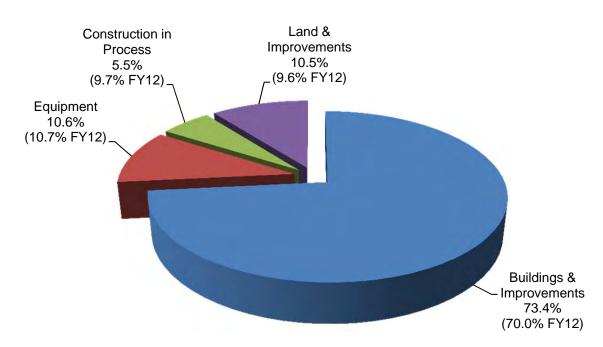

Danaant

			Increase	Percent
Capital Assets	2013	2012	(Decrease)	Change
Land and Improvements	\$7,480,023	\$5,857,925	\$1,622,098	27.7%
Building and Improvements	52,148,650	42,670,482	9,478,168	22.2%
Equipment	7,503,695	6,504,620	999,075	15.4%
Construction In Progress	3,896,185	5,920,458	-2,024,273	-34.2%
Total Capital Assets	\$71,028,553	\$60,953,485	\$10,075,068	16.5%
Less Accumulated Depreciation	23,141,420	21,568,775	1,572,645	7.3%
Net Capital Assets	\$47,887,133	\$39,384,710	\$8,502,423	21.6%

As of June 30, 2013, the College has recorded \$71,028,553 invested in capital assets, \$23,141,420 in accumulated depreciation and \$47,887,133 in net capital assets.

Total Capital Assets increased \$10,075,068 or 16.5% and Net Capital Assets increased \$8,502,423 or 21.6% due to the addition of the Student Services Center and Ag Sciences Building as well as several other remodeling and improvement projects during fiscal year 2013. The current bonding strategy continues to allow the College to invest in additional facilities, technology, and improvements. The expectation exists that Net Capital Assets will continue to increase in future years as a result. See Note 4. Changes in Capital Assets and Note 6. Long-Term Liabilities in the Notes to Financial Statements for further information.

### Revenues, Expenses & Changes in Net Position For the fiscal years ending June 30,

Both operating revenue and expense for fiscal year 2013 were higher than fiscal year 2012.

Tuition and fees increased \$1,003,146 or 15.2%, a portion of which can be attributed to additional improvements in the breakdown of summer tuition into the appropriate period as a result of the summer term crossing fiscal years. While enrollment decreased slightly from fiscal year 2012, higher tuition and fee rates in conjunction with the more accurate accounting for summer courses provided a net increase in tuition revenue over fiscal year 2012.

Additionally, the increase in Other Operating Revenue represents the increased SURS contribution provided by the State in fiscal year 2013, which was \$2,159,292 greater than the fiscal year 2012 amount. As explained in Note 5 in the Notes to Financial Statements, this SURS contribution is shown as operating revenue and operating expense by the College. Pending State legislation has the potential to impact the manner in which these obligations are funded and reported in future years although the exact impact is currently unknown.

Non-operating revenue decreased in total by \$2,051,140. The primary driver of this decrease was the \$1,015,753 decrease in State Grants & Contracts due to decreased MAP funding, lack of appropriations for Illinois Veterans and National Guard grants, and the elimination of a few other grants received in previous fiscal years. The \$776,031 decrease in Federal Grants & Contracts is a direct result of a \$783,000 decrease in Pell Grant awards. The additional decrease of \$207,000 in other income is a direct result of lower investment earnings.

## **Operating Revenues - Fiscal Year 2013**

### Comparison of Operating Expenses Fiscal Years 2013 and 2012

			Increase	Percent
	2013	2012	(Decrease)	Change
Operating Expenses:				
Instruction	\$19,814,071	\$16,728,066	\$3,086,005	18.4%
Academic Support	6,244,734	5,849,304	395,430	6.8%
Student Services	4,265,652	4,050,637	215,015	5.3%
Public Service / Continuing Ed.	1,879,087	2,198,600	(319,513)	-14.5%
Sales, Services, and Rentals of Facilities	3,823,167	3,829,286	(6,119)	-0.2%
Institutional Support	10,346,257	9,905,024	441,233	4.5%
Financial Aid	2,401,499	2,747,946	(346,447)	-12.6%
Operations of Physical Facilities	4,232,592	5,217,830	(985,238)	-18.9%
Loss on Disposal of Equipment	16,664	5,451	11,213	205.7%
Depreciation	1,601,385	1,419,276	182,109	12.8%
Total Operating Expenses:	\$54,625,108	\$51,951,420	\$2,673,688	5.1%

Operating expenses for fiscal year 2013 increased by 5.1% from fiscal year 2012. While the significant changes are discussed below, it should also be noted that several of the individual expense categories were impacted by the College's review and update of the methodologies and processes utilized for assigning programmatic classifications during fiscal year 2013. One significant change includes the allocation of the SURS contribution provided by the state among the existing functions as opposed to being listed separately.

Instruction expenses increased \$3,086,005 as a result of capital improvements during the year that had a direct instructional impact as well as the allocation of the SURS contribution provided by the state.

Financial Aid decreased by \$346,447 due to decreased PELL funding.

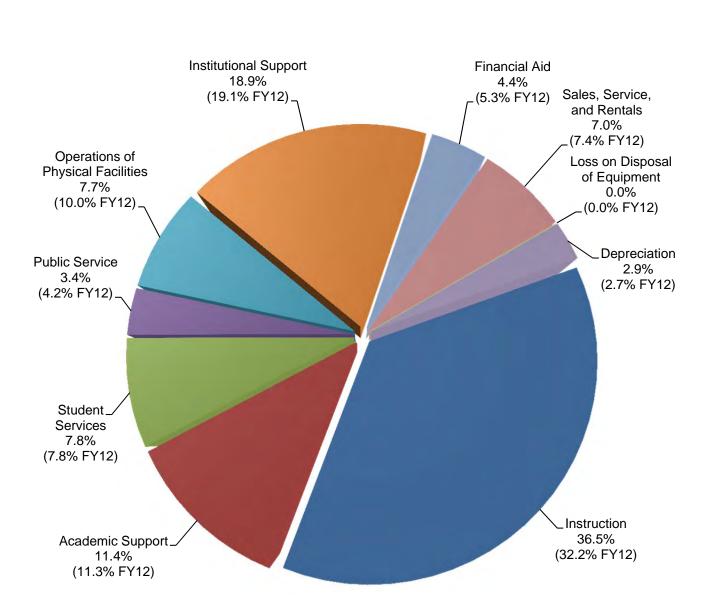

Public Service / Continuing Ed expenses decreased \$319,513 due in part to high expenses in the Employer Training Investment Program (ETIP) and Technology Innovation and Entrepreneurship Specialty (TIES) grants during FY12, neither of which the College received in FY13.

Depreciation expense increased by \$182,109 in the current year as a direct result of two building additions completed during fiscal year 2013 in addition to equipment purchases.

Operating of Physical Facilities decreased \$985,238 as a result of more closely aligning programmatic expenses to the ICCB Fiscal Management Manual requirements. The allocation of the SURS contribution provided by the state also played a role in this decrease.

In addition, a sizable increase in the SURS contribution provided by the state occurred as the fiscal year 2013 amount was \$2,161,778 greater than the fiscal year 2012 amount. As noted above, the SURS contribution is allocated among the various functions reported above and as a result contributes to the variances noted above. See also Note 5 in the Notes to Financial Statements for additional information related to this SURS contribution.

The following graphic illustration shows the operating expenses by program for fiscal year 2013 by percentage of the total with the comparable percentage for fiscal year 2012 in parenthesis. For both years, the largest percentage of College money was spent on Instruction.

#### **Notes to Financial Statements**

#### Note 1. Operation and Significant Accounting Policies

#### **Organization:**

Black Hawk College, Illinois Community College District #503 (College) is an Illinois Community College operating under the mandates and guidelines of the Illinois Board of Higher Education and the Illinois Community College Board (ICCB). The College offers a wide range of educational opportunities, including liberal studies, business training, agricultural studies, continuing education, and community service programs. The College was organized to provide an excellent, affordable alternative in higher education with campus locations in Moline and Galva, Illinois and numerous outreach sites.

#### **Significant Accounting Policies:**

<u>Financial Reporting Entity</u>: The College is governed by a seven-member Board of Trustees. Board members are elected through general elections to a six-year term.

The College follows Governmental Accounting Standards Board (GASB) Statement No. 61, *The Financial Reporting Entity: Omnibus* and Statement No. 39, *Determining Whether Certain Organizations are Component Units.* GASB Statement No. 61 amends GASB Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*, while Statement No. 61 and Statement No. 39 both amend Statement No. 14, *The Financial Reporting Entity* to provide additional guidance to determine whether certain organizations for which the College is not financially accountable should be reported as component units based on the nature and significance of their relationship with the College.

As defined by generally accepted accounting principles established by the Governmental Accounting Standards Board (GASB), the financial reporting entity consists of the primary government, as well as its discretely presented component units, the Black Hawk College Foundation and the Black Hawk East College Foundation.

The two Foundations are legally separate, tax-exempt component units of the College. The Foundations act primarily as fund-raising organizations to supplement the resources that are available to the College in support of its programs. The 8-13 member boards of the Foundations are self-perpetuating and consist of graduates and friends of the College. Although the College does not control the timing or amount of receipts from the Foundations, the majority of resources, or income, thereon the Foundations hold and invest are restricted to the activities of the College by the donors. Because these restricted resources held by the Foundations can only be used by, or for the benefit of, the College, the Foundations are considered component units of the College.

During the fiscal year ended June 30, 2013, the Black Hawk College Foundation and the Black Hawk East Foundation distributed \$91,227 and \$102,713 respectively, to the College for both restricted and unrestricted purposes.

The Foundations are private-not-for-profit organizations that report their financial results under Financial Accounting Standard Board (FASB) Statements. Most significant to the Foundations' operations and reporting model are Accounting for Contributions Received and Contributions Made and Financial Reporting for Not-for-Profit-Organizations. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundations' financial information in the College's financial reporting entity for these differences.

Financial statements for both the Black Hawk College Foundation and Black Hawk East College Foundation can be obtained by calling the College at 309-796-5934.

#### **Notes to Financial Statements**

#### Note 1. Operation and Significant Accounting Policies (Continued)

#### **Significant Accounting Policies (Continued):**

Measurement Focus, Basis of Accounting, and Financial Statement Presentation: For financial reporting purposes, the College is considered a special-purpose government engaged only in business-type activities. Accordingly, the College's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-College transactions have been eliminated. Non-exchange transactions, in which the College receives value without directly giving equal value in return, includes property taxes; federal, state, and local grants; state appropriations; and other contributions. On an accrual basis, revenue from property taxes is recognized in the period for which the levy is intended to finance. Revenues from grants, state appropriations, and other contributions are recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when the use is first permitted, matching requirements, in which the College must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the College on a reimbursement basis.

The College has a fiduciary fund type. Fiduciary fund types are used to account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. The College has the following fiduciary fund type:

**Pension (and other employee benefit) trust fund** – is the fund type for the College's health benefit plan and is accounted for in essentially the same manner as the business-type activities, using the same measurement focus and basis of accounting. Employee contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and the employer made a formal commitment to provide the contributions. Claims payable are recognized when due and payable in accordance with the terms of the health plan. The fund accounts for the assets of the Voluntary Employees' Beneficiary Association (VEBA). The VEBA was established under Section 501(C)(9) of the Internal Revenue Code. The trust provides for payment of health (medical, dental, and vision) claims and health plan administrative and other directly related costs.

<u>Classification of Revenues and Expenses</u>: Operating revenue and expenses include activities that have the characteristics of exchange transactions, such as student tuition and fees and sales and services of auxiliary enterprises, net of financial aid and scholarship awards, salaries and benefits, and materials and supplies. Non-operating revenues and expenses include activities that have the characteristics of non-exchange transactions, such as 1) local property taxes, 2) state appropriations, 3) most federal, state and local grants and contracts, and federal appropriations, and 4) gifts and contributions.

<u>Net Position</u>: Net position represents the difference between assets and liabilities. "Net investment in capital assets", consists of capital assets, net of accumulated depreciation, reduced by any outstanding balances of any borrowings, used for the acquisition, construction or improvement of those assets. Significant unspent proceeds are reported as restricted. Net position is reported as restricted when there are limitations imposed on their use either through enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Amounts restricted for working cash are imposed by enabling legislation. However, legislation allows for procedures to abolish this fund and remove those restrictions. Amounts restricted for operations and maintenance are imposed by enabling legislation. When an expense is incurred for purposes for which both restricted and unrestricted net position are available, the College first applies restricted resources.

#### **Notes to Financial Statements**

#### Note 1. Organization and Significant Accounting Policies (Continued)

<u>Deferred outflows/inflows:</u> In addition to assets, the statement of net position will sometimes report a separate section of deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. At this time, the College has no items that qualify for reporting in this category.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents the acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

<u>Use of estimates</u>: The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

<u>Property taxes</u>: Property taxes are recognized as a receivable at the time they are levied and the current taxes receivable represent the 2012 levy. Property tax revenue recorded on the financial statements relates to the 2012 levy. Property taxes are levied each year on all taxable real property in the College District. Property taxes are certified on or before the last Tuesday in December and are attached as an enforceable lien on the property as of the preceding January 1. These taxes become due and collectible in 2013 and are collected by the county collectors in the College District who in turn remit to the College District its respective share. An allowance is provided for uncollectible taxes.

<u>Student Tuition and Fees</u>: Student tuition and fees include all such items assessed against students for educational and service purposes.

<u>College Bookstores Inventory</u>: Inventories of the College bookstores are stated at the lower of cost (first-in, first-out) or market (net realizable value).

<u>Compensated Absences</u>: Vacation leave is accrued as a liability as it is earned. Sick leave benefits are not payable upon retirement or termination.

<u>Capital Assets</u>: Capital assets are defined by the College as assets with an initial, individual cost of more than \$5,000 and an initial useful life of one year or greater. Assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized.

Depreciation has been provided using the straight-line method over the estimated useful lives of the respective assets. The estimated useful lives for each capital asset type are as follows:

	<u>Years</u>
Buildings and improvements	50
Land improvements	50
Equipment	4 - 10

#### **Notes to Financial Statements**

#### Note 1. Organization and Significant Accounting Policies (Continued)

The College's collection of works of art, library books, and other similar assets are not capitalized. These collections are unencumbered, held for public exhibition and education, protected, cared for, and preserved.

Capital assets are reviewed for impairment when events or changes in circumstances suggest that the service utility of the capital asset may have significantly and unexpectedly declined. Capital assets are considered impaired if both the decline in service utility of the capital asset is large in magnitude and the event or change in circumstance is outside the normal life cycle of the capital asset. Such events or changes in circumstances that may be indicative of impairment include evidence of physical damage, enactment or approval of laws or regulations or other changes in environmental factors, technological changes or evidence of obsolescence, changes in the manner or duration of use of a capital asset, and construction stoppage. The determination of the impairment loss is dependent upon the event or circumstance in which the impairment occurred. Impairment losses, if any, are recorded in the statements of revenues, expenses, and changes in net position. There were no impairment losses recorded for the year ended June 30, 2013.

Investments: Investments are stated at fair value.

<u>Tax Status</u>: The College is a political sub-division of the State of Illinois and has nontaxable status under the Internal Revenue Code.

<u>Cash and Cash Equivalents</u>: For purposes of reporting cash flows, the College considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

<u>Receivables:</u> Student accounts receivable are reported net of any anticipated losses due to uncollectible accounts. The College considers students accounts to be past due when a student has an account balance after the payment due date for the class. Past due accounts are subject to past due letter collection efforts and are subsequently placed with third-party collection agencies and the State of Illinois Local Debt Recovery Program (LDRP). The collectability of individual accounts is evaluated closely at the end of each fiscal year and the allowance for uncollectible accounts is adjusted to a level which, in management's judgment, is adequate to absorb potential losses inherent in the receivable portfolio.

<u>Accounting Pronouncements</u>: The College is applying all applicable Governmental Accounting Standards Board (GASB) pronouncements.

#### Note 2. Cash and Investments

Under provision of the College's investment policy, the College may invest in select securities allowed by law as set out in Illinois Compiled Statutes. A summary of allowable securities follows:

- Bonds, notes, certificates of indebtedness, treasury bills, or other securities, which are guaranteed by the full faith and credit of the United States of America.
- Bonds, notes debentures, or other similar obligations of the United States of America or its agencies.
- Interest-bearing savings account, interest-bearing certificates of deposit, or interest-bearing time deposits, or other investments constituting direct obligations of any bank as defined by the Illinois Banking Act and only those insured by the Federal Deposit Insurance Corporation (FDIC).

#### **Notes to Financial Statements**

#### Note 2. Cash and Investments (Continued)

- Short-term discount obligations of the Federal National Mortgage Association or in shares or other forms of security legally issuable by savings and loan associations incorporated under the laws of the State of Illinois or any other state or under the laws of the United States and only in those savings and loan associations insured by the FDIC.
- Money market mutual funds whose portfolios consist of government securities or agreements to repurchase such obligations.
- Illinois School District Liquid Asset Fund.
- Illinois State Funds Money Market Fund.
- Funds managed, operated and administered by a bank provided that the public agency has an undivided interest in the assets of the fund.
- Repurchase agreements of government securities having the meaning set out in the Government Securities Act of 1986.
- Dividends-bearing share accounts, share certificate accounts of a credit union with its principal office located in Illinois and insured by applicable law.
- Funds managed, operated, and administered by a bank.

At June 30, 2013, the College's cash and cash equivalents balances are as follows:

Depository accounts, checking and certificates of deposit Petty cash	\$55,519,652 <u>11,900</u>
Total cash and cash equivalents	55,531,552
Fiduciary funds	1,977,006
Total cash and cash equivalents	\$57,508,558
Less: Petty cash	11,900
Total carrying amount of deposits	<u>\$57,496,658</u>

As of June 30, 2013, the carrying amount of the College's deposits totaled \$57,496,658 with a bank balance of \$56,433,054. Of the \$56,433,054 bank balance, \$56,433,054 was covered by federal depository insurance or collateral held by the College's agent in the College's name. The College has no foreign currency risk for deposits at year end.

As of June 30, 2013, the College did not hold any investments.

#### Interest Rate Risk:

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to

#### **Notes to Financial Statements**

#### Note 2. Cash and Investments (Continued)

changes in market interest rates. The College tries to match its maturities on investments with expected cash flows. As of June 30, 2013, the College did not hold any investments.

#### Credit Risk:

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Investments in U.S. Government obligations and Brokered CDs are not considered to be of any credit risk since they carry the full obligation and guarantee of the U.S. Government.

#### **Concentration of Credit Risk:**

The College has no investments in any one issuer that represent 5% or more of total College's investments.

#### Custodial Credit Risk:

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, an entity will not be able to recover the value of its investment or collateral securities that are in the possession of another party.

As of June 30, 2013 there are no investments with custodial credit risk in that all investments are insured.

#### Foreign Currency Risk:

The College has no foreign currency risk for investments at year end.

#### Note 3. Liability, Protection, & Settlement Fund Expenditures

Black Hawk College had the following Liability, Protection, & Settlement Fund expenditures for the year ended June 30, 2013:

Security & safety related salaries and benefits	\$ 854,133
Risk management & loss prevention	328,473
Insurance	1,005,246
Legal services	138,442
Security and safety related	<u>132,018</u>
Total Liability, Protection & Settlement Fund expenditures	<u>\$2,458,312</u>

#### **Notes to Financial Statements**

#### Note 4. Changes in Capital Assets

A summary of changes in capital assets for the year ended June 30, 2013, is as follows:

	Balance July 1, 2012	Additions	Deletione	Balance June 30, 2013
Capital assets not being depreciated:	July 1, 2012	Additions	Deletions	Julie 30, 2013

#### Note 5. Retirement Plan

#### **Plan Description:**

Black Hawk College contributes to the State Universities Retirement System of Illinois (SURS), a costsharing multiple-employer defined benefit pension plan with a special funding situation whereby the State of Illinois makes substantially all actuarially determined required contributions on behalf of the participating employers. SURS was established July 21, 1941 to provide retirement annuities and other benefits for staff members and employees of the state universities, certain affiliated organizations, and certain other state educational and scientific agencies and for survivors, dependents, and other beneficiaries of such employees. SURS is considered a component unit of the State of Illinois' financial reporting entity and is included in the state's financial reports as a pension trust fund. SURS is governed by Section 5/15, Chapter 40, of the Illinois Compiled Statutes. SURS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by accessing the website at www.SURS.org, or by calling 1-800-275-7877.

#### **Notes to Financial Statements**

#### Note 5. Retirement Plan (Continued)

#### **Funding Policy:**

Plan members are required to contribute 8.0% of their annual covered salary, and substantially all employer contributions are made by the State of Illinois on behalf of the individual employers at an actuarially determined rate. The current rate is 35.2% of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the Illinois General Assembly. The employer contributions to SURS for the years ended June 30, 2013, 2012, and 2011 were \$94,898, \$111,835, and \$107,234, respectively, equal to the required contributions for each year. The employer contributions made by the State of Illinois on behalf of the College to SURS were \$7,535,508, \$5,373,730, and \$4,293,814 for the years ended June 30, 2013, 2012, and 2011, respectively. These amounts are included as both revenue and expense of the College.

#### Note 6. Long-Term Liabilities

A summary of changes in long-term liabilities for the year ended June 30, 2013, are as follows:

					Due
	Balance			Balance	Within
	<u>July 1, 2012</u>	Additions	Reductions	June 30, 2013	One Year
	-				
Bonds payable	\$17,740,000	\$20,000,000	\$(5,025,000)	\$32,715,000 \$	5,150,000
Unamortized premium	-	874,052	(31,794)	842,258	-
Accrued vacation	846,896	227,236	(120,000)	954,132	120,000
Early retirement	1,728,557	206,976	(99,667)	1,835,866	81,397
-					
	<u>\$20,315,453</u>	\$21,308,264	\$(5,276,461)	\$36,347,256 \$	5,351,397

<u>General Obligation Community College Bonds, Series 2010</u>: On March 5, 2010 the College issued \$20,000,000 in General Obligation Bonds. The proceeds from this process will be used to fund various capital improvements, including a facility expansion for Building 2 on the Quad Cities campus specifically for the purpose of expanding sustainable technologies programming, a facility expansion for Building 1 on the Quad Cities campus for the creation of a student services center, construction of a new science lab building on the East Campus, and technology refresh projects throughout the district. Principal and interest payments on the General Obligation Bonds are to be paid annually on December 1 with the final payment on December 1, 2015. Interest only payments are due June 1 of each year. Interest rates range from 2.0% to 3.5% over the life of the bonds. The interest rate includes bond issuance costs of approximately \$623,000.

The annual debt service requirements to maturity, including principal and interest, for the General Obligation Bonds as of June 30, 2013, are as follows:

	Principal	Interest	Total
Year ending June 30:			
2014	\$5,150,000	\$304,950	\$5,454,950
2015	5,300,000	160,700	5,460,700
2016	2,265,000	33,975	2,298,975
	• • • • • • • • • •	•	•
Total	<u>\$12,715,000</u>	\$499,625	\$13,214,625

#### **Notes to Financial Statements**

`

#### Note 6. Long-Term Liabilities (Continued)

<u>General Obligation Community College Bonds, Series 2013</u>: On March 12, 2013, the College issued \$20,000,000 in General Obligation Bonds, Series 2013A \$10 million taxable and Series 2013B \$10 million tax exempt, to refund short-term debt certificates of that amount. The debt certificates were issued and received by the College December 18, 2012. The purpose of issuing these debt certificates was to use the proceeds to construct a \$15 million health sciences facility at the Quad Cities Campus as well as utilize the remaining \$5 million to expand and renovate facilities at the East Campus and Community Education Center in Kewanee, Illinois. Principal and interest payments on the General Obligation Bonds are to be paid annually on December 1 with the final payment on December 1, 2032. Interest only payments are due June 1 of each year beginning June 1, 2013. Interest rates range from 3.00% to 4.75% over the life of the bonds.

The annual debt service requirements to maturity, including principal and interest, for the General Obligation Bonds as of June 30, 2013, are as follows:

	Principal	Interest	Total
Year ending June 30:			
2014	\$-	\$890,191	\$890,191
2015	-	729,996	729,996
2016	-	729,996	729,996
2017	835,000	709,643	1,544,643
2018	875,000	668,509	1,543,509
2019-2023	5,025,000	2,663,769	7,688,769
2024-2028	6,135,000	1,559,985	7,694,985
2029-2033	7,130,000	547,350	7,677,350
Total	<u>\$20,000,000</u>	\$8,499,439	\$28,499,439

The College is subject to a debt limitation of 2.875% of its assessed valuation of \$3,556,752,463. As of June 30, 2013 the College had \$69,541,633 of remaining legal debt margin.

<u>Operating Leases</u>: The College leases space at the Illinois Employment & Training Center for \$12,589 per month through February 2014, \$12,904 per month from March 2014 through February 2015, \$13,229 per month from March 2015 through February 2016, and \$13,554 per month from March 2016 through February 2017. Lease expense for the year ended June 30, 2013 was \$146,872.

The annual requirements for operating leases as of June 30, 2013, are as follows:

Year ending June 30:	
2014	\$152,327
2015	156,146
2016	160,048
2017	<u>108,433</u>
Total operating leases	<u>\$576,954</u>

#### **Notes to Financial Statements**

#### Note 7. Early Retirement and Voluntary Separation Plans

The College has offered a number of voluntary separation and early retirement incentive plans (plans) covering individuals of specified employee groups who met stated age and service requirement, therefore the College is subject to the requirements set forth is GASB Statement Number 47. The plans generally provided benefits at the time of employee separation based upon combinations of employee age, years of continuous service, and salary. In addition, the plans provide health, vision, and dental insurance; certain of the plans also offer life insurance benefits. The length of coverage varies from five years following the date of separation, up to the life of the separated participant. Some plans require retiree co-payment. Currently 44 participants are covered under the various voluntary separation and early retirement plans. Costs related to these plans are funded on a pay-as-you-go basis. The liability was determined by factoring in the present value of projected future unit costs. The assumptions used in calculating the liability were a discount rate of 4.25%, compounded annually, a return on assets of 4.25%, compounded annually, and a decreasing health care trend rate of 6.5% to 4.0%. Mortality rates were obtained from the UP-1994 table with generational projection scale AA. It was assumed that 75% of retirees were married at retirement and that male spouses are three years older than female spouses. The recorded liability for these plans is \$1,835,866 as of June 30, 2013.

#### Note 8. Risk Management and Insurance

The College is exposed to various risks of loss related to tort, theft, damage to or the destruction of assets, errors and omissions, injuries to employees, and natural disasters. Those risks are covered by the purchase of commercial insurance. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

The College self insures for employee medical, dental, and vision coverage through a Voluntary Employees' Beneficiary Association (VEBA). Self insurance is in effect up to an aggregate stop/loss of \$6,027,455 with a \$125,000 per covered person stop/loss amount. Coverage from a private insurance company is maintained for losses in excess of the aggregate stop/loss amount. One participant was lasered from this excess coverage in FY2013. All claim handling procedures are performed by an independent claims administrator.

The College establishes claims liabilities based on estimates of the ultimate cost of claims (including future claim adjustment expenses) that have been reported but not settled and of claims that have been incurred but not reported. At June 30, 2013, the amount of these liabilities was \$1,154,284. The following represents changes in those liabilities for the College during the past two years:

	Beginning of Fiscal Year Liability	Current Year Claims and Changes in Estimates	Claim Payments	Balance at Fiscal Year-End
FY2012	\$443,446	\$5,849,427	\$5,335,901	\$ 956,972
FY2013	\$956,972	\$6,343,709	\$6,146,397	\$1,154,284

#### Note 9. Commitments

The College has received a number of federal and state grants for specific purposes which are subject to review and audit by grantor agencies. Such audits may result in requests for reimbursement to granting agencies for expenditures disallowed under the terms of the grants. Based upon prior experience, the College management believes that such disallowances, if any, will not be material.

#### **Notes to Financial Statements**

#### Note 10. New Accounting Pronouncements

GASB Statement No. 60, Accounting and Financial Reporting for Service Concession Arrangements is effective for the fiscal year ending June 30, 2013. The pronouncement improves financial reporting by addressing issues related to service concession arrangements (SCAs), which are a type of public-private or public-public partnership. Management has determined there is no material effect on the financial statements with regard to the adoption of this standard.

GASB Statement No. 61, *The Financial Reporting Entity: Omnibus—an amendment of GASB Statements No. 14 and No. 34* is effective for the fiscal year ending June 30, 2013. The pronouncement modifies certain requirements for inclusion of component units in the financial reporting entity. See Note 1 to the financial statements.

GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements* is effective for the fiscal year ending June 30, 2013. The pronouncement incorporates into the GASB's authoritative literature certain accounting and financial reporting guidance that is included in the pronouncements issued on or before November 30, 1989, which does not conflict with or contradict GASB pronouncements. Management has determined there is no material effect on the financial statements with regard to the adoption of this standard.

GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position* is effective for the fiscal year ending June 30, 2013. The pronouncement provides financial reporting guidance for deferred outflows of resources and deferred inflows of resources. See the Statement of Net Position.

GASB Statement No. 64, *Derivative Instruments: Application of Hedge Accounting Termination Provisions an amendment of GASB Statement No. 53* is effective for the fiscal year ending June 30, 2013. The pronouncement clarifies whether an effective hedging relationship continues after the replacement of a swap counterparty or a swap counterparty's credit support provider. Management has determined there is no material effect on the financial statements with regard to the adoption of this standard.

GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities* is effective for the fiscal year ending June 30, 2014. The pronouncement reclassifies, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. See the Statement of Net Position. Additionally, bond issuance costs are now expensed instead of being amortized over the life of the bonds.

#### Note 11. Pending Accounting Pronouncements

GASB Statement No. 66, *Technical Corrections*—2012—an amendment of GASB Statements No. 10 and No. 62 is effective for the fiscal year ending June 30, 2014. The pronouncement resolves conflicting guidance that resulted from the issuance of two pronouncements, Statements No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions,* and No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements.* 

#### **Notes to Financial Statements**

#### Note 11. Pending Accounting Pronouncements (Continued)

GASB Statement No. 67, Accounting and Reporting for Pension Plans - an amendment of GASB Statement No. 25 is effective for financial statements for the fiscal year ending June 30, 2014. This Statement replaces the requirements of Statements No. 25, Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans, and No. 50, Pension Disclosures, as they relate to pension plans that are administered through trusts or equivalent arrangements (hereafter jointly referred to as trusts) that meet certain criteria. The requirements of Statements 25 and 50 remain applicable to pension plans that are not administered through trusts covered by the scope of this Statement and to defined contribution plans that provide postemployment benefits other than pensions.

GASB Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27 is effective for the fiscal year ending June 30, 2015. This Statement replaces the requirements of Statements No. 27 and No. 50 related to pension plans that are administered through trusts or equivalent arrangements. The requirements of Statements No. 27 and No. 50 remain applicable for pensions that are administered as trusts or equivalent arrangements.

GASB Statement No. 69, *Government Combinations and Disposals of Government Operations* is effective for the fiscal year ending June 30, 2015. This Statement establishes accounting and financial reporting standards related to government combinations and disposals of government operations. As used in this Statement, the term government combinations includes a variety of transactions referred to as mergers, acquisitions, and transfers of operations.

GASB Statement No. 70, Accounting and Financial Reporting for Nonexchange Financial Guarantees is effective for the fiscal year ending June 30, 2014. This Statement specifies the information required to be disclosed by governments that extend nonexchange financial guarantees. In addition, this Statement requires new information to be disclosed by governments that receive nonexchange financial guarantees.

Management has not completed its assessment of these pending standards as to the effect, if any, they may have on the financial statements.

Assessed and Estimated Actual Value of Taxable Property (Unaudited) Tax Levy Years 2003 through 2012

1. Assessed value is computed by various county's clerks offices and is equal to approximately one-third of the estimated actual value. 2. The tax levy for 2012 is the most current information available

3. The total direct rate applied to tax year 2012 is \$0.5403.

NA = Not Available

			Levy	Year	2003	2004	2005	2006	2007	2008	2009	2010	2011	2012	

Notes:

1. Property taxes which are measurable and available are recognized as revenue. Property taxes which are measurable but not available are deferred and recognized as revenue as they become available.

2. The tax levy for 2012 is the most current information available.

3. The tax rates reported for the College are blended rates based on the total taxes and the total assessed valutions for all counties combined.

4. The tax rate fluctuates from year to year primarily due to the debt service requirements for General Obligation bonds.

5. Due to differences in the computational methods followed by the nine counties, portions of each of which are within the District's boundaries, there may be slight differences between the final levy amounts extended by the counties and those used for financial statement purposes.

Notes:

1. Details of the College's outstanding debt can be found in the notes to the financial statements.

- 2. Total Outstanding Debt Per Capita is calculated by using the 2010 U.S. Census population for each of the nine counties, included either in part or whole, in the district adjusted by the percentage of each counties population located within the district.
  - 3. Estimated Actual Taxable Property Value is based on property located within the district only.

## **ICCB Uniform Financial Statements**

The Uniform Financial Statements are required by the Illinois Community College Board for the purpose of providing consistent audited data for every community college district. Regardless of the basis of accounting used for a College's balance sheet and statement of revenues and expenditures, the Uniform Financial Statements are completed using the modified accrual basis of accounting prescribed by the NCGA Statement No. 1 and related interpretations.

The Uniform Financial Statements include the following:

- No. 1 All Funds Summary
- No. 2 Summary of Fixed Assets and Debt
- No. 3 Operating Fund Revenues and Expenditures
- No. 4 Restricted Purposes Fund Revenues and Expenditures
- No. 5 Expenditures by Activity Current Funds

Uniform Financial Statement No. 1 - All Funds Summary Year ended June 30, 2013

Independent Auditor's Report On Adult Education and Family Literacy, ICCB State Program Improvement, ICCB Career and Technical Education Innovation, and Early School Leaver Program

To the Board of Trustees Black Hawk College Illinois Community College District #503 Moline, Illinois

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the Adult Education and Family Literacy, ICCB State Program Improvement, ICCB Career and Technical Education Innovation, and Early School Leaver Program Grants of Black Hawk College, Illinois Community College District #503 as of and for the year ended June 30, 2013, and the related notes to the financial statements, as listed in the table of contents.

#### Management's Responsibility for the Schedule

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the grant policy guidelines of the Illinois Community College Board's *Fiscal Management Manual*. Those standards and guidelines require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

93

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Adult Education and Family Literacy, ICCB State Program Improvement, ICCB Career and Technical Education Innovation, and Early School Leaver Program Grants of Black Hawk College, Illinois Community College District #503 as of June 30, 2013, and the changes in financial position thereof and for the year ended in accordance with accounting principles generally accepted in the United States of America.

#### Compliance

In connection with our audit, nothing came to our attention that caused us to believe that Black Hawk College, Illinois Community College #503 failed to materially comply with the provisions of laws, regulations, contracts and grants between Black Hawk College and the State of Illinois and the Illinois Community College Board. However, our audit was not directed primarily toward obtaining knowledge of all such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the College's noncompliance with the above referenced laws, regulations, contracts and grants. We also believe that the College is materially in compliance with the provisions of laws, contracts, and ICCB policy guidelines with respect to restricted grants.

#### **Emphasis of Matter**

As discussed in Note 1, the financial statements present only the Adult Education and Family Literacy, ICCB State Program Improvement, ICCB Career and Technical Education Innovation, and Early School Leaver Program Grants and do not purport to, and do not, present fairly the financial position of Black Hawk College, Illinois Community College District #503, the changes in its financial position, or where applicable, its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

#### **Note to Financial Statements - Grant Programs**

#### Note 1. Summary of Significant Accounting Policies

#### General:

The accompanying statements include only those transactions resulting from the Adult Education and Family Literacy, ICCB State Program Improvement, Career and Technical Education Innovation, and Early School Leaver Program. The transactions for the grants have been accounted for in the Restricted Purposes Fund.

#### **Basis of Accounting:**

The statements have been prepared on the modified accrual basis of accounting as defined in the Illinois Community College Board's *Fiscal Management Manual*. Expenditures include all accounts payable representing liabilities for goods and services actually received as of June 30, 2013. Funds obligated for goods and services prior to June 30, but for which the goods and services are received prior to August 31, are recorded as encumbrances. Unexpended funds are reflected as a reduction to fund balance and a liability due to the Illinois Community College Board by October 15, 2013.

#### **Capital Assets:**

Capital asset purchases are recorded as capital outlay expenditures and are capitalized in accordance with the College's capitalization policy and as allowed by grant specific guidelines.

#### **Encumbrances:**

Payments of prior year's encumbrances for goods and services received prior to August 31, are reflected as expenditures during the current fiscal year.

#### **Background Information on State Grant Activity**

#### **Unrestricted Grants**

<u>Base Operating Grants</u>: General operating funds provided to colleges upon credit enrollment with a small portion of the allocation based upon gross square footage of space at the College.

<u>Equalization Grants</u>: Grants provided to institutions with less than the statewide average local tax dollars available per full-time equivalent student.

#### **Restricted Grants/Special Initiatives**

*Career and Technical Education – Program Improvement and Innovation Grants* – Grant funding recognizes that keeping career and technical programs current and reflective of the highest quality practices in the workplace is necessary to prepare students to be successful in their chosen careers and to provide employers with the well-trained workforce they require. The grant funds are dedicated to enhancing instruction and academic support activities to strengthen and improve career and technical programs and services.

*Early School Leaver -* Provides funding for high school dropouts between the ages of 16 and 21 who want to complete the secondary level of education and participate in work-site learning experiences related to career choices. Only those youth who demonstrate a willingness to meet both goals and who are able to benefit from such a program are selected.

### **Background Information on State Grant Activity**

#### **Statewide Initiatives**

<u>Special Incentive Grants</u>: A new request to provide flexible funding for unique initiatives needed in the community college system. The grants will be awarded on a Request for Proposal basis and will focus on higher education priorities such as accessibility, affordability, productivity, partnerships, quality, and responsiveness. In addition, a significant proportion of the dollars available will focus on improving the availability of qualified information technology employees in the State of Illinois.

<u>Other Grants</u>: These other grants are additional contractual grants provided for special or specific system-related initiatives. These grants are supported by signed contracts between the College and the State of Illinois. A brief description of each grant should be included in this section. A description of the grants supported by grant agreements may be found in the appendix of the grant agreement governing these grants.

### **Restricted Adult Education Grants/State**

<u>State Basic</u>: Grant awarded to Adult Education and Family Literacy providers to establish special classes for the instruction of persons of age 21 and over or persons under the age of 21 and not otherwise in attendance in public school, for the purpose of providing adults in the community other instruction as may be necessary to increase their qualifications for employment or other means of self-support and their ability to meet their responsibilities as citizens, including courses of instruction regularly accepted for graduation from elementary or high schools and for Americanization and General Education Development Review classes. Included in this grant are funds for support services, such as student transportation and childcare facilities or provision.

<u>Public Assistance</u>: Grant awarded to Adult Education and Family Literacy providers to pay for any fees, books, and materials incurred in the program for students who are identified as recipients of public assistance.

<u>Performance</u>: Grant awarded to Adult Education and Family Literacy providers based on performance outcomes.

Independent Auditor's Report On the Schedule of Enrollment Data and Other Bases Upon Which Claims are Filed And Reconciliation of Semester Credit Hours

To the Board of Trustees Black Hawk College Illinois Community College District #503 Moline, Illinois

#### Report on Schedule

We have audited the accompanying Schedule of Enrollment Data and Other Bases Upon Which Claims Are Filed and Reconciliation of Semester Credit Hours of Black Hawk College, Illinois Community College District #503 for the year ended June 30, 2013.

#### Management's Responsibility for the Schedule

Management is responsible for the preparation and fair presentation of this schedule in accordance with the guidelines of the Illinois Community College Board's Fiscal Management Manual; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedule that is free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the schedule based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the guidelines of the Illinois Community College Board's Fiscal Management Manual. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedules are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts in the schedule. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the schedule, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the schedule in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedule.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Opinion

In our opinion, the Schedule of Enrollment Data and Other Bases Upon Which Claims Are Filed and Reconciliation of Semester Credit Hours referred to above presents fairly, in all material respects, the student enrollment and other bases upon which claims are filed and the reconciliation of semester credit hours of Black Hawk College, Illinois Community College District #503 for the year ended June 30, 2013, in conformity with the guidelines of the Illinois Community College Board's Fiscal Management Manual.

#### Other Matter

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of Black Hawk College, Illinois Community College District #503 as of and for the year ended June 30, 2013, and our report thereon dated September 26, 2013, expressed as an unmodified opinion on those financial statements.

Student Residency Verification Year Ended June 30, 2013

## SUMMARY OF STUDENT RESIDENCY VERIFICATION PROCESS

Residence is defined in the College catalog as the place where the student lives and which is the student's true home. Residency is determined at the time of application for admission. Students who change their residency after applying must verify their residency. Proof of residency is verified by any of the following:

- 1. An Illinois driver's license and/or vehicle registration
- 2. A voter registration card
- 3. Payment of property taxes in the Black Hawk College District #503
- 4. Full-time employment in Black Hawk College District #503
- 5. Other documents that are not self serving

The residency of the student determines tuition rates assessed. Tuition rates assessed for students considered in-district are lower than tuition rates for those students who are considered out-of-district.

Copies of the proof and certification of residency forms are kept on file and residency compliance is periodically reviewed by the Office of Institutional Planning and Effectiveness. It is the student's responsibility to provide proof of residency and maintain compliance with the residency requirements of the College.

#### Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Board of Trustees Black Hawk College Illinois Community College District #503 Moline, Illinois

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the business-type activities, and the aggregate discretely presented component units of Black Hawk College, Illinois Community College District #503 (College) as of and for the year ended June 30, 2013 and the related notes to the financial statements, which collectively comprise the College's basic financial statements, and have issued our report thereon dated September 26, 2013.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. Given these limitations, during out audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the College's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is in integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Wippei LLP

Freeport, Illinois September 26, 2013

Wipfli LLP 328 West Stephenson Freeport, IL 61032-4327 PO Box 567 Freeport, IL 61032-0567 815.233.1512 fax 815.233.1487 www.wipfli.com

Independent Auditor's Report on Compliance For Each Major Program and on Internal Control Over Compliance Required By OMB Circular A-133

To the Board of Trustees Black Hawk College Illinois Community College District #503 Moline, Illinois

#### **Report on Compliance for Each Major Federal Program**

We have audited Black Hawk College, Illinois Community College District #503's (College) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the College's major federal programs for the year ended June 30, 2013. The College's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the College's major federal programs based on our audit if the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations.* Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on the College's compliance.

#### **Opinion on Each Major Federal Program**

In our opinion, the College complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013.

#### **Report Internal Control Over Compliance**

Management of the College is responsible for establishing and maintaining effective internal control over compliance with the types requirements referred to above. In planning and performing our audit of compliance, we considered the College's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing and opinion on the effectiveness of internal control over compliance.

A *deficiency in internal control* over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

The accompanying schedule of expenditures of federal awards on pages 118 through 124 is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is also not a required part of the basic financial statements of Black Hawk College, Illinois Community College District #503. The schedule of expenditures of federal awards is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Wippei LLP

Freeport, Illinois September 26, 2013

Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2013

## Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of Black Hawk College under programs of the federal government for the year ended June 30, 2013. The information in this schedule is presented in accordance with the requirements of the Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Government, and Non-Profit Organizations.* Because the schedule presents only a selected portion of the operations of Black Hawk College, it is not intended to and does not present the financial position, changes in net position or cash flows of Black Hawk College.

## Note 2. Summary of Significant Accounting

Expenditures reported on the schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-21, *Cost Principles for Education Institutions*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through entity identifying numbers are presented where available.

## Note 3. Sub-recipients

For the year ended June 30, 2013, the College had no sub-recipients of federal funds.

## Note 4. Nonmonetary Assistance

For the year ended June 30, 2013, the College received no federal funds in the form of nonmonetary assistance.

## Note 5. Other Federal Award Information

Black Hawk College has no loans or loan guarantees outstanding at June 30, 2013.

## Schedule of Findings and Questioned Costs Year Ended June 30, 2013

## Notes to Management Information

## Note 1. Summary of Significant Accounting Policies

<u>Fund Accounting</u>: In order to ensure observance of limitations and restrictions placed on the use of available resources, the accounts are maintained in accordance with the principles of fund accounting as promulgated in the *ICCB Fiscal Management Manual*. Financial statements by fund, required by the ICCB, are included as supplementary information. This is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds that are in accordance with activities or objectives specified.
