#### TRANSFER FACTS

- Students must apply and be admitted to SAU for general admission. Students are advised to apply a year in advance of the term they wish to transfer. Apply Online.
- The student should send the SAU Admissions Office a transcript for each term completed after submitting their application.
- The student must have a minimum grade of "C" to be in "good standing" for admission purposes.
- CLEP and Advanced Placement credit are subject to review for credit at SAU on an individual basis. Send these scores at the time you request a transcript be sent to SAU.
- A student who earns an AA or AS degree from BHC will be admitted to SAU as a junior. In order for students to
  graduate from BHC in the Business or Accounting Transfer curriculums, they <u>must</u> complete MATH 131, MATH
  132 and MATH 228. SAU does not require these courses.
- The student can achieve a certain degree of specialization by selecting one of the different majors listed: Accounting, Economics, Finance, General Business, Management and Organizations, Marketing, or International Business.
- For students transferring with 30 semester hours or fewer, it is strongly recommended that BHC coursework include MATH 112 or 131; ECON 221 or 222, all of which would serve as prerequisites for business courses at SAU.
- Students earning the AA degree from BHC should reference their BHC catalog for appropriate course selection.
- Students planning to transfer prior to completion of the AA/AS at BHC, should reference SAU general education requirements.
- A maximum of 64 community college credits will be applied toward the minimum of 120 credits required for SAU graduation.
