Program/licensure requirements for this major are subject to change without notice. Any new State of Illinois mandated obligations will supersede program requirements identified in this guide.

- As part of the entrance requirements to the Teacher Education Program (TEP) a minimum GPA of 2.75 is required with at least 45 semester hours completed. All grades on the transfer transcript will count in the calculation of the 2.75 GPA to determine eligibility into the major and to enroll in upper-division courses and field experiences.
- In accordance with the Illinois State Board of Education licensure rules, all candidates seeking a Professional Education License or endorsement are required by Western Illinois University to obtain a grade of "C" or better in all directed general education courses, all core courses, and all courses in the Elementary Education option. This rule does not supersede course prerequisite requirements in the catalog that specify a letter grade.
- Admission to Western Illinois University does not automatically constitute acceptance to the Teacher Education Program. Candidates for baccalaureate degrees who plan to complete licensure requirements for teaching must make special application for admission to the Teacher Education Program. Application and requirements for full acceptance are available in the online Teacher Education Program Handbook at wiu.edu/teacher.

Minimum Semester Hours Required for the AA degree – 60**Minimum Semester Hours Required for the B.S.Ed. degree in Elementary Education - 120****NOTES:**

If students transfer before the Illinois Articulation Initiative General Education Core Curriculum or AA degree is complete, there may be additional hours required to meet WIU's 43 credit general education core. Completing the AA before transfer is advisable.

- The AA degree requires 7 semester hours of general education science by taking one course in life science and one in physical science; one of the courses must have a lab. BHC lab courses are 4 credits or greater. The Elementary Education major requires an additional 3 semester hours of science by taking one general education Earth/space course.
 - Life Science: Any IAI L1 course. NSCI courses are not accepted toward the major.
 - Physical Science: Any IAI P course. CHEM, PHYS and PS courses recommended. NSCI courses are not accepted toward the major.
 - Earth/space science: BHC offers 4-credit Astronomy courses; WIU offers additional course options if meeting this requirement after transfer.
- The prerequisite for MATH 210 is MATH 112 or appropriate placement score.
- Humanities: Any IAI H or HF course. Fine Arts: Any IAI F or HF course. Consult advisor or BHC catalog for course options.
- Math 108 meets the Mathematics general education requirement for the AA degree.
- Select one non-western studies course to meet AA graduation requirements. Course options:
 Meets the AA humanities requirement: ENG 217, ENG 218, ENG 219 or HIST 222.
 Meets the AA fine arts requirement: ART 285, ART 286, MUSC 158
 Meets the AA social and behavioral science requirement: ANTH 102, HIST 141, HIST 142, HIST 151, IS 200.
- ENG 240 is a pre-requisite for a WIU reading methods course taken the first term at WIU. **Complete ENG 240 before transfer.**
- The Elementary Education major has a very prescribed curriculum so students should not take random electives. If additional courses are needed to complete the 60 credit AA degree, see a BHC advisor for recommendations. *ENG 100 and/or REA 103 (taken only if required by assessment) will count as electives in the AA and transfer to WIU as electives.*

This guide is not intended to be a contract with WIU. The information of this guide is subject to change; students are advised to contact WIU to keep informed of changes. Final responsibility for verifying all transfer information lies with the student. Use this guide in conjunction with the BHC catalog the student will use to fulfill degree requirements.
