

Black Hawk College's Professional and Continuing Education Department (PaCE) has served the community's continuing education needs for more than 50 years. The classes and programs offered are based on research as well as community feedback and need.

## **Professional and Continuing Education**

Are you looking for a new opportunity? PaCE is working to develop new programs offered in various formats to work within our ever-changing environment.

PaCE instructors are a diverse group of individuals who work hard to develop and provide a wide variety of broad-based and interesting programs to the community.

PaCE class subjects include:

- Community education
- Health and wellness (classes for the community as well as health care professionals)
- Professional development and continuing education
- Short-term career training
- Technology
- Youth programs

If you are interested in teaching for Black Hawk College's PaCE Department, share your class idea with Barb Courville at [courvilleb@bhc.edu](mailto:courvilleb@bhc.edu) or 309-796-8244.
