

Do you have a middle school or high school student who needs a little help with their homework?

Black Hawk College Professional and Continuing Education (PaCE) is introducing a new program that provides one-on-one, individualized tutoring for students in grades 6-12.

In the Youth Tutoring Program, students video conference with a local, experienced tutor in real time. Subjects include English, government, language arts, math, science, social studies, sociology, Spanish, speech and psychology.

Cost is \$20 for a 30-minute session with afternoon and evening sessions available seven days a week.

Visit the Youth Tutoring Program page for a list of tutors, subjects and availability and to register.
