

Important Information From the Financial Aid Office

BEFORE YOU GO...

Just a reminder - even though you had academic difficulty last semester – you are **still responsible for repaying your student loan**. If you do not continue enrollment at Black Hawk College – your loan will go into repayment. You will be receiving Exit Counseling information soon.

Attached is your loan history. **Your loan servicer and contact information for your BHC loan is highlighted.**

BHC wants to make sure you have the support you need to succeed in loan repayment. To help, we have contracted with HigherEDGE Default Aversion Solutions, an organization that provides borrowers with loan information and resources during grace period and throughout repayment. You may be contacted in the next few months. These counselors can answer your questions and talk through repayment options available to you.
