

# PROGRAM TRANSFER GUIDE Psychology B.S. Behavioral Neuropsychology B.S.

# Associate in Science to Bachelor of Science in Psychology Associate in Science to Bachelor of Science in Behavioral Neuropsychology

This guide between Black Hawk College (BHC) and St. Ambrose University (SAU) intends to create a smooth and seamless curriculum transition for students who earn the Associate in Science (AS) degree at BHC to transfer into the Bachelor of Science in Psychology or Bachelor of Science in Behavioral Neuropsychology at SAU. This guide incorporates the <u>Articulation Agreement between BHC and SAU</u> dated December 13, 2013, the 2021-2022 BHC catalog, and the 2021-2023 SAU catalog.

Degree Availability AS general education courses and most science and MATH courses offered on

campus and online (science labs are on campus).

BS offered on campus.

GPA Requirements Graduation from BHC 2.00

Admission to SAU 2.00. Admission to SAU Psychology Majors 2.00

Grade Requirements SAU will grant transfer credit for college-level work in all areas that correspond

to courses offered at SAU if a grade of a "C" or better is earned.

General Education The AS degree satisfies SAU's lower division general education requirements

except for the Health and Fitness, and Second Language categories.

Credit Hours BHC credits on this guide: 60-67. SAU credits on this guide: 60

✓ A minimum of 60 credits is required to complete the AS degree.

✓ A minimum of 120 combined credits from BHC and SAU are required to complete the BS in Psychology or BS in Behavioral Neuropsychology.

✓ A maximum of 64 community college credits may be applied toward the BS.

#### Other Requirements and Recommendations

#### ✓ For BHC

- o Grades of "C" or better are required for ENG 101 and ENG 102.
- One science course must be 4 credits minimum to include a lab.
- Completion of one Non-Western studies course is required. Course options are available as an IAI Humanities, Fine Arts, or Social and Behavioral Science course. Consult a BHC Advisor for course options.
- A second language is required by SAU for the bachelor degree. SAU recommends completing
  this requirement prior to transfer. Students can complete three years of the same second
  language in high school, or the same second language in college (or demonstrated proficiency)
  through the 102-level. Students who already meet the second language requirement may
  choose elective courses in the AS degree (confirm transferability with an advisor.)

#### ✓ For SAU

- o Complete a minimum of 30 credits at the 300/400 level.
- Complete at least two writing intensive (WI) courses with a grade of "C" or better, with one taken at the 300/400 level.
- The final 30 credits applied to the degree, or 45 of the last 60 credits, must be earned at SAU to meet the residency requirement.
- SAU requires a Health and Fitness course which may be fulfilled at BHC with HEAL 102 (3 credits) or at SAU with KIN 149 (1 credit).
- ✓ View the St. Ambrose Transfer Facts for additional transfer information.

The following BHC course order may be modified to accommodate part-time students; however, the ENG, BIOL and CHEM courses are sequenced and must be taken in order due to pre-requisites. It's strongly recommended to complete any science sequence at the same institution. Selected BHC courses may also be offered in the summer or during the minimester. This plan assumes that students are academically eligible for all Semester 1 courses.
