Transfer Credit Search Results

Result Notes:

Agriculture-related transfer courses listed with **"UND"** in the Purdue Subject column **cannot be used** in the College of Agriculture at Purdue.

Undistributed courses are marked with XXXX in the course number. These are used at the discretion of your department/academic advisor and may or may not be used in your major, in the university core curriculum, or as electives.

When you see more than one result for a specific course, it usually means the equivalency has changed. Consult with your advisor or email **transfercredit@purdue.edu**.

When you see that a course has both equivalent credit and extra "undistributed credit," it means there are more hours being transferred than the Purdue's course.

Credit transferred in from quarter-based institutions is multiplied by 0.75.

If two or more courses are required to be equivalent to a Purdue course, they are listed in the Course Grouping section underneath the list of results.

If there are two versions of a Purdue course, you will need to investigate both.

Credit is only awarded for courses taken at regionally accredited institutions. Courses cannot be older than 10 years or developmental or remedial.

Courses marked with a dagger (†) are part of the Transfer Indiana (**transferin.net**) initiative.

Additional Information:

When you are admitted to Purdue as a transfer student, you will receive an official credit evaluation. If you are an applicant you may request to have a course evaluated by contacting **transfercredit@purdue.edu**.

Course equivalencies are subject to change at any time.

Transfer credit is posted only from official college transcripts which the student must order from the transfer institution. Be sure your transcript is complete before sending.

If you are a potential transfer student, visit the admissions transfer page (**admissions.purdue.edu/transfer**) for information on the transfer process.

Visit the university catalog (**catalog.purdue.edu**) for specific degree plans.

Visit the admissions web site for more information about applying to Purdue or visiting Purdue.

Consult the advising unit for your intended major for specific advice on course selection.

Questions regarding transfer credit should be directed to **transfercredit@purdue.edu**.

Credit Evaluation is processing transcripts within a few days of receipt. Occasionally, some transfer evaluations may take as long as two weeks.

How Purdue Awards Transfer Credit

Purdue will provide a Transfer Credit Report to Transfer Applicants when they are admitted. It will be published as a Decision in the Application Portal. You can use this information before you accept your offer of admission. All other populations will have credit added to their record and is viewable by selecting "Transcript" on the Academic tab of your myPurdue account. Transfer credit appears near the top of this unofficial transcript.

Purdue only recognizes credit from regionally-accredited institutions. Courses from non-regionally-accredited institutions do not appear in the report.

Courses older than 10 years are not recognized per university policy; however, your major department may permit their use. These courses do not appear in your report.

Purdue does not recognize developmental or remedial courses and do not appear in your report.

Credit transferred from quarter-based institutions is multiplied by a 0.75 factor.

If the course you submitted was for more credit hours than the Purdue course, you receive additional undistributed credit. The use of this credit is at the discretion of your major department.

You are required to submit a final transcript if you were admitted before completion of a semester. Your evaluation will be updated upon the receipt of the official transcript.

While the courses have transferred, they may not be used in your particular degree plan. After you have accepted your offer, use *myPurduePlan* found in *myPurdue t*o see how your transferred courses are being used. Please discuss this with your academic advisor.

Scores from standardized exams (AP, CLEP, IB, etc.) may be used for course credit and must be submitted from the testing agency. More detailed information is available on the Admissions **website**.

Domestic transcripts are reviewed by the Credit Evaluation department in the Office of the Registrar. International transcripts are reviewed by the International Students and Scholars office. If you present both domestic and international transcripts you will receive two different credit evaluation reports.

If you believe there is an error in this report, please contact **transfercredit@purdue.edu** for domestic transcripts or **intl-transfercredit@purdue.edu** for international transcripts.

See **Other Information** for more information.

Interpreting Your Transfer Credit

Your report shows an initial listing of your transfer courses and how they will be used at Purdue.

Courses coming in as undistributed will have an X in the second position in the number. The chart below interprets these course numbers.

Note: Purdue is transitioning to a new number system. Originally, any type of undistributed credit was labeled with XXXX in the course number. Purdue began a more descriptive course number in Summer 2019. Your report may show a mixture of these two systems.

In general, the first number is a level indicator. Purdue is using 1 (first-year course) in these examples.

Code	Notes
1XPND	**Pending Credit** -- This course is being reviewed by the appropriate department. When a decision is made, the number will change. You will be notified via your application e-mail when the change is made. Note: It is likely the department will want a syllabus. Please do not send it until you are asked for it (via your application e-mail).
1XTFR	**Transfer Credit** -- This course could not be reviewed because it is not taught on the Purdue campus. Purdue is recognizing it as college level course work from a regionally-accredited institution. It may be used at the discretion of your major department through your academic advisor.
1XTRA	**Extra Credit** -- You provided a course which has more credit than Purdue's version. You received equivalent credit equal to ours and additional credit(s) (XTRA) to show you earned more hours in your transfer course. It may be used at the discretion of your major department through your academic advisor.
1XXXX	**Undistributed Credit** -- This course has been reviewed and is not found to

be equivalent to Purdue's course. Course is not equivalent to anything the Purdue department offers or it does not have similar enough content. It may be used at the discretion of your major department through your academic advisor.

The following courses are also undistributed, but they have been reviewed by the University Core Curriculum Committee to meet a foundational outcome in Purdue's university core. For Indiana residents, these courses also meet outcomes in the State Transfer General Education Core (STEGEC) among the state institutions.

New Code	Notes
1XBSS	Human Cultures: Behavioral & Social Sciences
1XHUM	Human Cultures: Humanities
1XMQR	Mathematics/Quantitative Reasoning
1XSCI	Science
1XSTS	Science, Technology, and Society
1XUIL	Information Literacy
1XUOC	Oral Communication
1XUWC	Written Communication

The following meet two foundational outcomes:

New Code	Notes
1XBHS	Behavioral & Social Sciences *and* Humanities
1XBIL	Behavioral & Social Sciences *and* Information Literacy
1XBST	Behavioral & Social Sciences *and* Science, Technology, and Society
1XHST	Humanities *and* Science, Technology, and Society
1XHUW	Humanities *and* Written Communication
1XIST	Information Literacy *and* Science, Technology, and Society
1XILW	Information Literacy *and* Written Communication
1XSST	SCI and STS

Other Information

The method of instruction is not considered when determining course equivalencies.

Graduate-level coursework will not transfer to an undergraduate record.

When the transcript key indicates a P or S grade represents C- or higher, credit wil transfer. All other courses without a letter grade will not.

Credit earned at other institutions based on institution-specific placement exams does not transfer to Purdue.

Credit is granted only once for duplicated courses. This does not apply to repeatable courses.

Only credit from a Purdue campus may be used to replace a Purdue grade, as determined by the academic department that administers the course. Consult with your Purdue academic advisor before enrolling in a course for this purpose.

Military veterans or active duty personnel with six months to one year of military service will receive four hours of undistributed credit. Those with at least one year will receive eight hours of undistributed credit. You must provide your DD-214 (or an LES, if still active duty) to earn credit.

Departments may consider programmatic accreditation when articulating to specific Purdue courses.
