

## Sample Transfer Plan    **Area of Focus: SOCIAL WORK**

**This Sample Transfer Plan is for students intending to major in Social Work after transfer but who have not selected a transfer institution.** Students who have a specific transfer school in mind should work with BHC and transfer school advisors to ensure the transfer school’s requirements are met.

A bachelor’s degree from an accredited Social Work program will prepare students to provide clinical and case management services to individuals, couples, and families, as well as lay a foundation for graduate education in social work . Social workers help people solve and cope with problems in their everyday lives. Clinical social workers also diagnose and treat mental, behavioral, and emotional issues. They work in a variety of settings, including schools, hospitals, clinics, human service agencies, and private practices.

Students who decide not to pursue Social Worker licensure may work in a variety of direct social service occupations including community health workers, correctional treatment specialists, substance abuse counselors, marriage counselors and school counselors, as well as social and human service assistants. Overall employment of social workers is projected to grow 11% from 2018 to 2028, much faster than the average for all occupations. Increased demand for healthcare and social services will drive demand for social workers, but growth will vary by specialization and populations served.

**Course Transferability**

- Course and transfer requirements can vary among institutions and may differ from the recommendations on this guide. Grades of 'C' or better may be required for a course to transfer, especially courses intended for the major.
- Students are advised to select a transfer school as soon as possible, typically before completing 30 college-level credits.

**Degree Timeframe**

- Students who complete an average of 15 college-level credits in four consecutive fall and spring semesters could complete the degree in two years. Students determine their own pace and progress and should consider their work and personal commitments, course difficulty, course pre-requisites, and possible need for additional courses determined by placement assessments. Advisors are available to discuss credit load and schedules appropriate for student goals and circumstances.
- Students transferring before completing the associate degree should discuss [Reverse Transfer](#) with their BHC advisor. Black Hawk College will evaluate your college or university work to determine if those credits will fulfill the remaining requirements of the associate's degree.

**Advising Notes**

- See the current [BHC Catalog](#) for all IAI course codes, course descriptions, pre-requisite information, and complete graduation requirements to earn the degree. The area of focus is not stated on student transcripts.

- This guide is not a substitute for advising.  
 Summer and Fall Semesters – be advised in February or March.  
 Registration begins on the 1st Tuesday in April.  
  
 Spring Semester and the Minimester – be advised in September or October.  
 Registration begins on the 1st Tuesday in November.
