

Sample Transfer Plan

Area of Focus: **SPORT & FITNESS MANAGEMENT**

This Sample Transfer Plan is for students intending to major in Sport and Fitness Management after transfer but who have not selected a transfer institution. Students who have a specific transfer school in mind should work with BHC and transfer school advisors to ensure the transfer school's requirements are met.

The Sport and Fitness Management area of focus provides a broad overview for careers in professional sports, college athletics, campus recreation, and parks departments. Students who complete a related bachelor's degree may find job opportunities in athletic direction, coaching, marketing, public relations and sales, event and facility management, and parks and recreation programming. Business competencies are essential. FYI - Athletic Training is considered a healthcare profession which requires different undergraduate preparation and a master's degree to meet state licensure requirements.

General Education Recommendations; minimum 37 credits

This section includes the complete Illinois Articulation Initiative General Education Core Curriculum (IAI GECC) , which is a package of courses meeting general education requirements at more than 100 participating Illinois colleges and universities.	
Communication (9 credits) – all courses required ENG 101 Composition I (3) – grade 'C' or better required ENG 102 Composition II (3) – grade 'C' or better required SPEC 101 Principles of Speech Communication (3)	Social & Behavioral Sciences (9 credits) Must include courses from two different disciplines. - BUSN 230 Principles of Marketing (3)
- BUSN 242 Principles of Supervision (3)
- CS 100 Intro to Computers (3) **or** CS 105 Computer Science Principles (3)

Second Language: Consider potential second language admission and/or graduation requirements of transfer schools, which may be satisfied with high school and/or college courses. Consult an advisor.

Minor: Transfer majors may require a minor area of study. Begin at BHC with 1-3 courses. Consult Advisor.

Non-Western studies graduation requirement. To graduate with the AA degree, include at least one non-Western studies course. The course can simultaneously fulfill a general education requirement in humanities, fine arts, or social and behavioral science, or be taken as an elective. Choose from ANTH 100 or 102; ART 285 or 286; ENG 217, 218 or 219; HIST 115, 116, 141, 142, 151, or 222; HUM 102; IS 200; or MUSC 158.

60 total credits required for AA degree (General Education + Electives)

Course Transferability

- Course and transfer requirements can vary among institutions and may differ from the recommendations on this guide. Grades of 'C' or better may be required for a course to transfer, especially courses intended for the major.

- Students are advised to select a transfer school as soon as possible, typically before completing 30 college-level credits.

Degree Timeframe

- Students who complete an average of 15 college-level credits in four consecutive fall and spring semesters could complete the degree in two years. Students determine their own pace and progress and should consider their work and personal commitments, course difficulty, course pre-requisites, and possible need for additional courses determined by placement assessments. Advisors are available to discuss credit load and schedules appropriate for student goals and circumstances.
- Students transferring before completing the associate degree should discuss [Reverse Transfer](#) with their BHC advisor. Black Hawk College will evaluate your college or university work to determine if those credits will fulfill the remaining requirements of the associate’s degree.

Advising Notes

- See the current [BHC Catalog](#) for all IAI course codes, course descriptions, pre-requisite information, and complete graduation requirements to earn the degree. The area of focus is not stated on student transcripts.
- This guide is not a substitute for advising.
 - Summer and Fall Semesters – be advised in February or March.
Registration begins on the 1st Tuesday in April.
 - Spring Semester and the Minimester – be advised in September or October.
Registration begins on the 1st Tuesday in November.
