

The Community Education Center in Kewanee has personalized, hands-on classes to get you ready for an in-demand health care career. Train to become a Nursing Assistant (CNA) or phlebotomist.

- Classes are 8 weeks or less
- Multiple start dates

Nursing Assistant (CNA)

In this eight-week program you will learn how to assist the nurse in direct patient care.

Phlebotomy Technician

Train in basic blood-drawing procedures and understand the skills, knowledge and responsibility required for entry-level phlebotomy/lab personnel.
