

# Sample Transfer Plan

## Area of Focus: *Computer Science Information Systems*

Associate in Arts (AA) transfer degree

East Campus students may need to take certain CS and MATH courses at the QC Campus or online

**This Sample Transfer Plan is for students intending to major in Computer Science Information Systems after transfer, but who have not selected a transfer institution.** Students who have a specific transfer school in mind should not use this guide, but instead seek advising from BHC and the transfer school to ensure the transfer institution's requirements are met.

The Computer Science Information Systems area of focus is a hybrid of computer science and business. Students pursuing a degree in Information Systems will develop the skills to use computer technology and information management methods to solve business problems and manage online business operations and e-commerce. Graduates of baccalaureate programs in Computer Science Information Systems (aka Management Information Systems or Science) may find careers in data mining, supply chain management, the design and management of information technology, computer programming, systems analysis, sales positions with computer companies, or management training, as well as entry-level work in operations management.

**Degree Timeframe:**

- Students who complete an average of 15 college-level credits in four consecutive fall and spring semesters could complete the degree in two years. Students determine their own pace and progress and should consider their work and personal commitments, course difficulty, course pre-requisites, and possible need for additional courses determined by placement assessments. Advisors are available to discuss credit load and schedules appropriate for student goals and circumstances.

**Advising Notes:**

- See the current [BHC Catalog](#) for all IAI course codes, course descriptions, pre-requisite information, and complete graduation requirements to earn the degree. The area of focus is not stated on student transcripts.
- This guide is not a substitute for advising. All students are encouraged to seek advising each semester. Advising is required prior to registering for students who have earned fewer than 30 college-level credits.

Semester	Meet with BHC advisor	Registration begins
Summer and Fall	February or March	1 <sup>st</sup> Tuesday in April
Spring & minimester	September or October	1 <sup>st</sup> Tuesday in November
