

Sample Transfer Plan

Area of Focus: *Social Work* Associate in Arts (AA) transfer degree

This Sample Transfer Plan is for students intending to major in Social Work after transfer, but who have not selected a transfer institution. Students who have a specific transfer school in mind should not use this guide, but instead seek advising from BHC and the transfer school to ensure the transfer institution's requirements are met.

A bachelor's degree from an accredited Social Work program will prepare students to provide clinical and case management services to individuals, couples, and families, as well as lay a foundation for graduate education in social work. Social workers help people solve and cope with problems in their everyday lives. Clinical social workers also diagnose and treat mental, behavioral, and emotional issues. They work in a variety of settings, including schools, hospitals, clinics, human service agencies and private practice.

Students who decide not to pursue Social Worker licensure may work in a variety of direct social service occupations including community health workers, correctional treatment specialists, substance abuse counselors, marriage counselors and school counselors, as well as social and human service assistants. Overall employment of social workers is projected to grow 11 percent from 2018 to 2028, much faster than the average for all occupations. Increased demand for healthcare and social services will drive demand for social workers, but growth will vary by specialization.

Degree Timeframe:

- Students who complete an average of 15 college-level credits in four consecutive fall and spring semesters could complete the degree in two years. Students determine their own pace and progress and should consider their work and personal commitments, course difficulty, course pre-requisites, and possible need for additional courses determined by placement assessments. Advisors are available to discuss credit load and schedules appropriate for student goals and circumstances.

Advising Notes:

- See the current [BHC Catalog](#) for all IAI course codes, course descriptions, pre-requisite information, and complete graduation requirements to earn the degree. The area of focus is not stated on student transcripts.
- This guide is not a substitute for advising. All students are encouraged to seek advising each semester. Advising is required prior to registering for students who have earned fewer than 30 college-level credits.
