Count # each letter has checked. A \_\_\_\_\_ B \_\_\_\_\_ C \_\_\_\_\_ D \_\_\_\_\_ E \_\_\_\_\_ F \_\_\_\_\_

Circle your top three vote getters below.

### A. Realistic

You are attracted to outdoor, mechanical and physical activities. You enjoy working with things, objects, and animals rather than with ideas, data, and people.

### B. Investigative

You are naturally curious and inquisitive. You have a need to understand, explain, and predict the things that go on around you.

### C. Artistic

You are very creative and original. You like to be different by express your personality in creating new and different things with words; with music; with materials, and other ways.

### D. Social

You are friendly, outgoing and enjoy working being around other people. You are insightful concerning the feelings and problems of others.

### E. Enterprising

Self-confident, outgoing, and optimistic, you like to organize, direct, and control the activities of groups.

### F. Conventional

You are well-organized, persistent, and practical. Being dependable and efficient, you enjoy activities performed according to set instructions.

*These three characteristics you should have as part of a job. Rather than looking at the money each career brings, these will bring you happiness and satisfaction!*

## Jobs that Fit You the Best

Below, write the three characteristics circled. Find which category has all three and circle it. Read the description of it and what jobs it entails (using handout from Health Career Expo.) If you are unsure or it doesn't seem right, find your the secondary categories—they have two of your chosen characteristics. Box those and review. Then explore!

Top 3 Characteristics 1. \_\_\_\_\_ 2. \_\_\_\_\_ 3. \_\_\_\_\_
