Message to Black Hawk College Students

Planning to travel? Report it before you go!

The BHC COVID-19 travel guidelines by plane, train, cruise ship, or interstate bus have changed. The length of quarantine periods away from BHC campus locations are now shorter, and in some cases not required. Due to the condensed time frames, it is important to disclose travel plans well ahead of the travel return date and planned date to access campus.

Early disclosure at least one week prior to travels (when possible) to covidstudents@bhc.edu regarding travel plans by plane, train, cruise ship, or interstate bus - including fully vaccinated individuals, allows time for the completion of necessary assessments, documentation submissions, and communication about any reentry requirements. Early disclosure of travel plans means access to campus locations as soon as allowable after travel.

Questions? Contact covidstudents@bhc.edu.

Thank you.

A handwritten signature in black ink that reads "Tim Wynes". The signature is written in a cursive style with a horizontal line above the first few letters.

Tim Wynes, J.D.
