

THE DUGOUT CLUB

BLACK HAWK BRAVES BASEBALL

2022-2023

The Dugout Club provides financial support for the Black Hawk Braves Baseball Program. This is a unique way for alumni, former players, family, and friends to stay connected to the tradition of the program. Dugout Club member contributions directly support the program by creating a first class NJCAA experience for current players. Each year, Dugout Club memberships can be renewed by selecting any one of the options available. ALL Dugout Club members will see their name on a sign displayed at our home field and receive a preseason newsletter in February from Coach Josh Keim (BHC '12).

The Dugout Club contributions benefit the Braves each year in the following ways:

- Travel Accommodations
- Gear and Equipment

The Dugout Club memberships are due by February 1 / All gear will be shipped in mid-late February
