ALL BUSINESS MAJORS (see back)

- The 2+2 is a four-year plan that leads to a Bachelor of Business (B.B.) degree at WIU. Students will fill out applications for both schools, and consult the advisors and the catalogs for both schools for specifics. This completion guide is designed to ensure graduation in four years by taking courses at both BHC and WIU. This guide assumes students have met all course prerequisites required by BHC and admissions requirements for WIU.
- Upon completing the first two years requirements at BHC, students will receive an Associate of Arts (A.A.) degree. Students will be required to complete business core and major course requirements at WIU, and upon completing the final two years curriculum requirements students will receive the B.B. degree with a major in business (see back). In general, a minimum of 64 semester hours (s.h.) will be taken at BHC at BHC rates and 60 s.h. from WIU at WIU rates.
- Under this agreement, acceptance as a declared business major requires the completion of a minimum of 60 s.h. with a cumulative grade point average (GPA) of 2.50. The student must have also completed ACCT 201 and 202, ECON 231 and 232, MATH 137, and STAT 171. Transfer students not eligible to declare will be limited to 29 hours of business coursework as noted below (**Note 10.**) until these requirements have been met. Enrollment in a Pre-Business Program does not guarantee acceptance into one of the major areas as a candidate for the Bachelor of Business degree.

Notes for BHC:

1. An overall grade point average of 2.0 and a grade of "C" or better are required in ENG 101 & ENG 102;
2. Any transferable elective may be chosen for the A.A. degree: Marketing & Supply Chain Mgt. majors take BA 241 instead of an elective;
3. Students should consult the Black Hawk College catalog for a listing of IAI courses that meet degree requirements;
4. Students may meet the Non-Western studies graduation requirement by including a Non-Western course within the humanities or fine arts general education requirements. (Ex. ART 285, 286; ENG 217, 218, 219; HIST 222; or MUSC 158);
5. At least one lab science class is required (4 s.h.);
6. Additional math prerequisites may be required based on the student's placement scores. A grade of C or higher is required for prerequisite classes. MATH 112, if needed, may be used as an elective. Courses below college level will not apply toward graduation.
