Program/licensure requirements for this major are subject to change without notice. Any new State of Illinois mandated obligations would supersede program requirements identified in this guide.

As part of the entrance requirements to the Teacher Education Program (TEP) students must have a GPA of 2.75 or higher and a minimum of 45 semester hours completed.

- In accordance with the Illinois State Board of Education licensure rules, all candidates seeking teacher certification are required by Western Illinois University to obtain a grade of "C" or better in all directed general education courses, all core courses, and all courses in the Early Childhood Education option.
- Candidates must pass the Illinois licensure Test of Academic Proficiency (TAP). Test dates, registration information and study guides are available on the ILTS website: <http://www.il.nesinc.com/>. Students can also use scores from the ACT Plus writing (<http://www.actstudent.org>) or the SAT (<http://sat.collegeboard.org/hom>) in lieu of the TAP test. For complete testing information see WIU's TEP Handbook at <http://www.wiu.edu/coehs/teacher/advising/> WIU recommends that students complete the TAP, ACT Plus writing, or SAT test prior to beginning their junior year at WIU; program delays will occur for students not in compliance with this requirement before student teaching.

SUGGESTED COURSES - for students wishing to earn an Associate in Arts (AA) degree at BHC and fulfill basic requirements for the WIU Teacher Education Program.

Minimum Semester Hours Required for the AA degree – 64 (see Note 7)

NOTES:

If students transfer before the Illinois Articulation Initiative General Education Core Curriculum or AA degree is complete, there may be additional hours in general education to total 43 semester hours at WIU. Completing the AA before transfer is advisable.

- The Early Childhood Education major requires 10 semester hours of science with three general education courses in life science, physical science and earth/space science. The major, and the AA degree, require that at least one science course has a lab.
 - Astronomy and Geology courses will meet the Earth/space science requirement. BHC's GEOL courses offered through summer 2017.
 - Life Science: Any BHC IAI L1 course. *NSCI courses are not accepted toward the major.*
 - Physical Science: Any BHC IAI P course. CHEM, PHYS and PS courses recommended. *NSCI courses are not accepted toward the major.*

The AA degree requires one lab science.

- The prerequisite for MATH 210 is MATH 112 or appropriate placement score.
- Humanities: Any BHC IAI H or HF course. Fine Arts: Any BHC IAI F or HF course.
- Select one non-western studies course to meet AA graduation requirements.
GEOG 105 Introductory Regional Geography (IAI: S4 900N) is a required course for the Teacher Education Program. BHC ended GEOG 105 in June 2018; however, students who are graduating under a BHC catalog prior to 2018-2019 may still use the course, or an equivalent, for the non-western graduation requirement.

Non-western studies courses:

Meets the AA humanities requirement: ENG 217, ENG 218, ENG 219 or HIST 222.

Meets the AA fine arts requirement: ART 285, ART 286, MUSC 158

Meets the AA social and behavioral science requirement: ANTH 102, GEOG 105 (before fall 2018), HIST 141, HIST 142, HIST 151, IS **220** (before fall 2018) or POLS 262 (before fall 2018).

- MATH 108 meets the Mathematics general education requirement for the AA degree.
- EDUC 202 may be taken after transfer. If taken after transfer, ECE 201 may be taken at BHC (spring only course).
- The Early Childhood Education major has a very prescribed curriculum so students should not take random electives. If additional courses are needed to complete the 64 credit AA degree, see a BHC advisor for recommendations. ENG 100 and/or REA 103 (taken only if required by assessment) count as electives in the AA and transfer to WIU as electives.

This guide is not intended to be a contract with WIU. The information of this guide is subject to change; students are advised to contact WIU to keep informed of changes. Final responsibility for verifying all transfer information lies with the student. Use this guide in conjunction with the BHC catalog the student will use to fulfill degree requirements.
