Housing (312) 355-6300

Admission Criteria: A transfer applicant must submit evidence of having achieved a minimum transfer grade point average of **2.50/4.00** on the basis of all transferable work attempted and submit evidence of having completed a minimum of **24 semester hours of transferable college credits** at the time of application. Most colleges and departments require a higher minimum grade point average, additional credit hours, and the completion of some specific core, first-year courses. For specific information on the requirements for each college, consult the Office of Admissions website <http://admissions.uic.edu/undergraduate/requirements-deadlines/transfer-requirements>

Note: Technical, vocational, developmental, and remedial coursework is generally not transferable.

Application Deadlines for Transfer Students: Prospective students must complete the Common Application or the web-based UIC Application and submit the \$60.00 nonrefundable application fee by March 31st for fall admission or October 15th for spring admission. Some majors have earlier deadlines. Early Action applications received by November 1 will receive decisions by December 1. [Deadlines](#)

Scholarships: A prospective student completing the UIC application will automatically be considered for most university and college scholarships and awards. [Scholarships](#)

- **AA Satisfies Lower Division General Education Requirements.** Students completing the Associate in Arts degree will satisfy UIC's general education requirements. Additional General Education requirements that have been approved for specific UIC colleges may be required.
- **AS does not Satisfy Lower Division General Education Requirements.** Students must complete an additional 3 credits of Social Behavioral Science and an additional 3 credits of Humanities or Fine arts to satisfy UIC's general education requirements. These additional credits can be completed after transfer, or before transfer within the electives area of the AS degree. Additional General Education requirements that have been approved for specific UIC colleges may be required. *Consult a BHC advisor prior to pursuing the AS degree.*
- **Foreign Language:** Two years of one foreign language is required for admission. This requirement can be met in high school. The College of Liberal Arts and Sciences requires 4 semesters of college level foreign language. This requirement may be met by college coursework or UIC administered placement tests. CLEP credits are not accepted for foreign language courses. The language requirement may be met by transferring four semesters of credit in American Sign Language courses from an accredited college or university.
- **Grades of "D":** Grades of "D" will transfer with the exception of ENG 101 and ENG 102 which must be completed with a grade of "C" or better. For fullest consideration, a transfer grade point average of 2.5/4.0 on the basis of all transferable work attempted is recommended.
- **IAI Participant:** Yes. Transfer credit from nonparticipating IAI institutions is not accepted to meet the GECC requirements.

- **IAI GECC May Be Completed After Transfer:** New transfer students with 30 hours of accepted transfer work who have not completed the IAI GECC may consult with a college advisor to review options for completing General Education requirements. Depending on the number of remaining courses required a student may be allowed the option of completing either UIC's General Education program or the IAI GECC. **Note:** The GECC option is made available only when completion of the GECC requirements calls for at least two fewer courses than would be needed to complete UIC's General Education requirements.
- **Maximum Community College Hours Accepted in Transfer:** 60. Technical, vocational, developmental, and remedial coursework is generally not transferable.
- **Repeated Courses:** When a course is repeated, both grades are considered when calculating the GPA. Incomplete grades more than one year old are considered as failing grades in computing the grade point average.

This guide is provided as a service to BHC students and information is subject to change. Students should work with a BHC advisor and the transfer school to keep informed of changes. Responsibility for complying with all transfer information rests with the student.
