

Sample Transfer  
Plan

Area of Focus: **English Literature**

Associate in Arts (AA) transfer degree

**This Sample Transfer Plan is for students intending to major in English with a literature focus after transfer, but who have not selected a transfer institution.** Students who have a specific transfer school in mind should not use this guide, but instead seek advising from BHC and the transfer school to ensure the transfer institution's requirements are met.

The English Literature major offers students the skills of writing, literary interpretation, critical analysis, historical research, and respectful debate. Literary courses that emphasize creative and critical writing help students find their own voice while they learn how literature and language have influenced the values and experiences of societies worldwide across the ages. Graduates of baccalaureate programs in English Literature find jobs teaching, writing or editing in fields such as marketing, book publishing, or writing for business or non-profit organizations. Others use English as a background for the study of law, business, theology, social work, counseling, library and information science or other graduate programs.

### Course Transferability

- Course and transfer requirements can vary among institutions and may differ from the recommendations on this guide. Grades of 'C' or better may be required for a course to transfer, especially courses intended for the major.
- **Students are advised to select a transfer school as soon as possible, typically before completing 30 college-level credits. This is especially applicable to English Literature majors, and Secondary Education English majors, where major requirements vary significantly among schools.**
