

2+2 Degree Plan

Agriculture - Agriculture Teacher Education

How 2+2 Works

- The 2+2 is a four-year plan that leads to a Bachelor of Science (B.S.) degree in Agriculture at WIU. Students will fill out applications for both schools, consult the advisors and catalogs from both schools for specifics. This completion guide is designed to ensure graduation in four years by taking courses at both BHC and WIU. This guide assumes students have met all course prerequisites required by BHC and admission requirements for WIU.
- Upon completion of the first two years' requirements at BHC, students will receive an Associate of Arts (A.A.) degree. Students will be required to complete the Agricultural core requirements at WIU, and upon completion of the final two years' curriculum requirements students will receive the B.S. degree with a major in Agriculture – Agriculture Teacher Education at WIU. In general, a minimum of 60 semester hours (s.h.) will be taken at BHC at BHC rates and 60 s.h. from WIU at WIU rates.
- A minimum cumulative grade point average of 2.00 should be achieved by the junior year. These grade point averages must be maintained for graduation as an Agriculture - Agriculture Teacher Education major.
